GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 120.

[First Publication.]

AFRICA, NORTH-EAST COAST—RED SEA.

Loheiya to Farisan islands—Reefs reported.

THE British Admiralty has given notice (No. 223 of 1901) of the existence of the undermentioned reefs between Loheiya and Farisan islands :—

(*a*) A reef extends from Kandamán Kebir for about 1½ to 2 miles in a north-easterly direction.

Approximate position lat. 15° 35′ N., long. 42° 33′ E.

As the reef marked P.D. on the Chart about 1 mile eastward of this was not seen under favourable circumstances, it has been erased from the Chart.

(*b*) The two islets situated about 2½ miles to the southward of the south-west point of Entufash island are reported to be joined by a shoal bank to the island, with no passage between.

Approximate position, lat. 15° 38′ N., long. 42° 22′ E.

(*c*) A reef extends in a northerly direction from the north point of Kotama island for a distance of about 2 miles.

Approximate position, lat. 15° 43′ N., long. 42° 16′ E.

Banda shoal erased from chart.

The British Admiralty has given notice (No. 224 of 1901) that information received from the Board of Trade shows that the Banda reef in the China Sea placed on the charts in lat. 8° N., long. 107° E., was inserted under a misapprehension, as that vessel struck, in September 1871, on the reef extending from Lumbukan island in Balābac strait in lat. 7° 49′ N., long. 117° 12′ E. Banda Reef has therefore been expunged from the Admiralty Charts.

PACIFIC OCEAN—Lisiansky island.

Reefs to the southward.

The British Admiralty has given notice (No. 226 of 1901) that the master of the British ship *Springbank* reports that on the 11th September 1900 his vessed struck at night on a reef lying about 11 or 12 miles south-eastward of Lisiansky island. This reef, which is of considerable extent, was partially examined by the master of the *Springbank*, as the ship was entangled by shoals for 14 days; in it is an opening to the eastward forming a bay, encumbered with shoals, 3 miles deep.

As reefs have been previously reported in a south-easterly direction from Lisiansky island, and soundings obtained of from 15 to 20 fathoms in from 25° 43′ to 26° 3′ north latitude, and 173° 19′ to 173° 22′ west longitude, it is probable that a large bank extends for about 30 miles from Lisiansky on which are coral reefs. Vessels consequently should approach Lisiansky from the southward and eastward with great caution.

Approximate position of shoal, lat. 25° 50′ N., long. 173° 45′ W.

Caution.—The longitude of Lisiansky island has not yet been satisfactorily ascertained. It is said to be east of the position shown on the chart, viz., 173° 57′ W.

AUSTRALIA, SOUTH-WEST COAST—Streaky, Smoky, Denial, and Marat bays.

Changes in the approaches.

The President Marine Board, Port Adelaide, has given notice (No. 8 of 1901) of the the following changes:—

Streaky Bay.

A Red Pile Beacon with circular head has been placed on the eastern extremity of South Sand, with the house near Perlubie Point bearing east. The Beacon is in six (6) feet of water with three (3) fathoms one hundred and fifty (150) feet to the eastward.

Dashwood Channel has been marked on the north side by two Black Buoys, the outer one is surmounted by a frame work and diamond top, the inner one by a staff and diamond. The south side is marked by two Red Buoys, surmounted with staff and ball.

The positions are as follows:—The outer Black Buoy is in four (4) fathoms water, with Brown Point bearing N. 80° W., Cape Bauer S. 24° W., and the outer Red Buoy and Olive Island in line bearing S. 45° W. The inner Black Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 34° W. and the Red Beacon on South Sand bearing S. 60° E.

The outer Red Buoy is in four (4) fathoms water, with Cape Bauer bearing S. 20° W. and DeMole Point N. 50° W. The inner Red Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 38° W. and DeMole Point N. 60° W.

The Channel has a clear depth of three (3) fathoms right through.

Smoky Bay.

Waterwitch Channel has been marked on the north side by two Black Buoys surmounted with staff and diamond; on the south side by two Red Buoys surmounted with staff and ball.

The positions are as follows:—Outer Black Buoy in three and a half (3½) fathoms water, with the west point of Eyre Spit bearing S. 10° W. and Saddle Peak N. 87° E. Inner Black Buoy in three (3) fathoms water, with Saddle Peak bearing S. 88° E. Cape D'Estree N. 18° W., and the inner Red Buoy in line with the west point of Eyre Island bearing S. 10° E.

Outer Red Buoy in three and a half (3½) fathoms water, with Saddle Peak bearing N. 80° E., Mount Younghusband N. 56° W., and Cape D'Estree N. 20° E. Inner Red Buoy in three (3) fathoms water, with Saddle Peak bearing N. 84° E., Cape D'Estree (west side) N. 17° W., and the west end of Eyre Island S. 8° E. This Channel has a clear passage of four (4) fathoms by keeping a fair distance off the Red Buoys, but a three (3) fathom tongue runs half way across the Channel from the inner Black Buoy.

Denial Bay.

Yatala Channel, south side, has been marked by Red Buoy, Staff, and Ball, in three (3) fathoms water, with Bird Rock bearing E.N.E.; also on north side, eastern end, by a black Buoy, Staff, and Diamond in two and a half (2½) fathoms water, Cape Beaufort bearing E. by N.; west side of Cape Thevenard N. ½ E., and Cape Vivonne E.S.E.

This channel has a clear passage of two and a half (2½) fathoms water right through.

Murat Bay.

The north end of the spit at the entrance to Murat Bay has been marked by a Black Beacon with diamond top; it is in six (6) feet of water.

All bearings are magnetic, and the depths given at O.L.W.S. This affects Admiralty Chart, No. 1061.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

Director of Public Instruction, Bengal.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 1st and 2nd July 1901, at 10-30 A.M. :—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) " Book-keeping," by Ball and Hamilton.
" Book-keeping " by double and single entry, by W. Inglis (Chambers' Educational Course).

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied dy a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the college or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination apers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the fourth grade of Accountants, Public Works Department.

Civil Engineering College, Sibpur.

ENGINEER DEPARTMENT.

Session 1901-1902.

CANDIDATES for admission to the Engineer Department should apply to the Principal before the 15th May 1901. Each application must be accompanied by a registration fee of Re. 1. The session begins on Monday, the 3rd June 1901.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The F.A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.

(2) The B.A. Examination in the B course in Physics and Chemistry. The candidate's age must be under 23 years.

In selection of candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of F.A. Examination.

The maximum number to be admitted each year is limited to 40. The position in the University examination and the age of the candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Further particulars will be supplied on application to the Principal.

J. S. SLATER,
Principal, Civil Engineering College.

SIBPUR,
The 9th April 1901.

Civil Engineering College, Sibpur.

APPRENTICE DEPARTMENT.

Session 1901-1902.

THE date for admission to this department is 3rd June 1901. Candidates must be at least 15 and not more than 17 years of age.

They must have passed Standard VII of the Code for European Schools or the University Entrance Examination. They must submit their applications accompanied by a certificate of age and a certificate showing that they have passed the requisite standard so as to reach the Principal not later than the 6th May 1901, together with a registration fee of Re. 1. No application will be attended to after this date.

The maximum number to be admitted each year is limited to 60, and applicants will be selected in order of merit.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, chest measurement, fitness for manual labour and eyesight. If this officer's report is unsatisfactory, the applicant will not be admitted.

Before an apprentice is admitted to the College, his parent or guardian must sign an agreement in the form shown in Appendix A.

The session begins on the first Monday in June. All apprentices are required to join the College on that date. Any apprentice prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No apprentice will be admitted or re-admitted to the College after the close of the month of June except by special order of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

There will be one vacancy on the free list for Christian apprentices in June next, and there will be 21 on the reduced fee* list. For natives there will be at least seven vacancies, possibly more, on the reduced fee list.

* Rs. 5 per mensem.
" 2 " "

These vacancies will be filled up after the opening of the session by the Board of Visitors from those apprentices who join the College. No guarantee can, therefore, be given beforehand, but forms to be filled up for the consideration of the Board can be had on application to the Principal.

With the exception of students on the free and reduced fee lists, all apprentices will pay a tuition fee of Rs. 3 a month for each month of the year.

Further particulars will be supplied on application to the Principal.

The New Elfin Channel.

THE Port Officer, Chandbali, has given notice that the New Elfin Channel has slightly shifted to southward. Transit marks have been shifted 2,500 feet S.S.W. of former position. Transit on from seaward W. by N. magnetic. The marks are two posts surmounted with globe, front mark black and back mark white. The centre Elfin buoy has been painted red, and is now a starboard hand-buoy. There is 3 feet reduced at buoy. The inner Elfin black buoy has been shifted 100 feet east of former position in 3 feet reduced. Masters of vessels should get transit marks on a little to northward of Fairway buoy and come in marks on W. by N. until the centre and inner Elfin buoys are in line; then proceed in line of buoys. There is now 2 feet reduced on the bar. Masters should be cautious in crossing the bar, as the channel is still liable to shift further to the southward.

PACIFIC OCEAN—Lisiansky island.

Reefs to the southward.

The British Admiralty has given notice (No. 226 of 1901) that the master of the British ship *Springbank* reports that on the 11th September 1900 his vessel struck at night on a reef lying about 11 or 12 miles south-eastward of Lisiansky island. This reef, which is of considerable extent, was partially examined by the master of the *Springbank*, as the ship was entangled by shoals for 14 days; in it is an opening to the eastward forming a bay, encumbered with shoals, 3 miles deep.

As reefs have been previously reported in a south-easterly direction from Lisiansky island, and soundings obtained of from 15 to 20 fathoms in from 25° 43′ to 26° 3′ north latitude, and 173° 19′ to 173° 22′ west longitude, it is probable that a large bank extends for about 30 miles from Lisiansky on which are coral reefs. Vessels consequently should approach Lisiansky from the southward and eastward with great caution.

Approximate position of shoal, lat. 25° 50′ N., long. 173° 45′ W.

Caution.—The longitude of Lisiansky island has not yet been satisfactorily ascertained. It is said to be east of the position shown on the chart, viz., 173° 57′ W.

Changes in the approaches.

THE President Marine Board, Port Adelaide, has given notice (No. 8 of 1901) of the the following changes:—

Streaky Bay.

A Red Pile Beacon with circular head has been placed on the eastern extremity of South Sand, with the house near Perlubie Point bearing east. The Beacon is in six (6) feet of water with three (3) fathoms one hundred and fifty (150) feet to the eastward.

Dashwood Channel has been marked on the north side by two Black Buoys, the outer one is surmounted by a frame work and diamond top, the inner one by a staff and diamond. The south side is marked by two Red Buoys, surmounted with staff and ball.

The positions are as follows:—The outer Black Buoy is in four (4) fathoms water, with Brown Point bearing N. 80° W., Cape Bauer S. 24° W., and the outer Red Buoy and Olive Island in line bearing S. 45° W. The inner Black Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 34° W. and the Red Beacon on South Sand bearing S. 60° E.

The outer Red Buoy is in four (4) fathoms water, with Cape Bauer bearing S. 20° W. and DeMole Point N. 50° W. The inner Red Buoy is in three (3) fathoms water, with Cape Bauer bearing S. 38° W. and DeMole Point N. 60° W.

The Channel has a clear depth of three (3) fathoms right through.

Smoky Bay.

Waterwitch Channel has been marked on the north side by two Black Buoys surmounted with staff and diamond; on the south side by two Red Buoys surmounted with staff and ball.

The positions are as follows:—Outer Black Buoy in three and a half (3½) fathoms water, with the west point of Eyre Spit bearing S. 10° W. and Saddle Peak N. 87° E. Inner Black Buoy in three (3) fathoms water, with Saddle Peak bearing S. 88° E. Cape D'Estree N. 18° W., and the inner Red Buoy in line with the west point of Eyre Island bearing S. 10° E.

Outer Red Buoy in three and a half (3½) fathoms water, with Saddle Peak bearing N. 80° E., Mount Youhghusband N. 56° W., and Cape D'Estree N. 20° E. Inner Red Buoy in three (3) fathoms water, with Saddle Peak bearing N. 84° E., Cape D'Estree (west side) N. 17° W., and the west end of Eyre Island S. 8° E. This Channel has a clear passage of four (4) fathoms by keeping a fair distance off the Red Buoys, but a three (3) fathom tongue runs half way across the Channel from the inner Black Buoy.

Denial Bay.

Yatala Channel, south side, has been marked by Red Buoy, Staff, and Ball, in three (3) fathoms water, with Bird Rock bearing E.N.E.; also on north side, eastern end, by a black Buoy, Staff, and Diamond in two and a half (2½) fathoms water, Cape Beaufort bearing E. by N.; west side of Cape Thevenard N. ½ E., and Cape Vivonne E.S.E.

This channel has a clear passage of two and a half (2½) fathoms water right through.

Murat Bay.

The north end of the spit at the entrance to Murat Bay has been marked by a Black Beacon with diamond top; it is in six (6) feet of water.

All bearings are magnetic, and the depths given at O.L.W.S. This affects Admiralty Chart, No. 1061.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; t thunder; d, drizzling rain.

4. Examinations will be held at any one or more of the following centres in accordance with a Government Notification which will be published in the *Calcutta* and *Police Gazettes*, and will determine and specify the centres at which examinations will be held, and the number of appointments to be competed for at each—

At Calcutta (Senate House) for the Presidency, Rajshahi and Burdwan Divisions; at Bankipore for the Patna, Bhagalpur and Chota Nagpur Divisions; at Cuttack for the Orissa Division; and at Dacca for the Dacca and Chittagong Divisions.

Information as to the hour and place of examination can be obtained 15 days before the examination by applying to the District Magistrates of the 24-Parganas, Dacca, Patna and Cuttack.

5. The following classes of candidates who are qualified under the next succeeding rule, will be admissible to the examination by (*1*) open competition:—

(*a*) Persons who have passed the Entrance Examination of the Calcutta, Allahabad or Punjab University, and are permanent residents and natives of one of the Divisions allotted to the Examination Centre at which they propose to be examined, provided they are not less than 21 nor more than 25 years of age on the date fixed for the examination.

(*b*) Persons now serving as Head-Constables and Writer-Constables in the Police who have obtained the permission of the District Magistrate to appear at the examination, provided that they are not more than 30 years of age and are of not less than four years' standing in the Department. This permission will only be given to persons who satisfy the conditions laid down in Rule 6.

NOTE.—No certificate signed by any officer in charge during the temporary absence of the District Magistrate or District Superintendent of Police, from Head Quarters will be accepted. It is essentially necessary that the signature should be that of the District Magistrate and District Superintendent of Police themselves.

6. No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest (*Government Circular No. 4430J., dated the 7th December 1893*).

NOTE.—"Stuttering or Stammering" is a constitutional defect, and represents a physical disqualification.

II.—That he is of good moral character.

III.—That he belongs to a respectable family.

IV.—That he produces a certificate of ability to ride signed by a District Officer.

7. Printed forms of applications for permission to appear at the examination are obtainable in the office of the District Superintendent of Police. In the case of (*a*) class candidates they should be submitted accompanied by a fee of Rs. 5, to the Magistrate of the district in which the intending candidate permanently resides, and in the case of (*b*) class candidates they should be submitted to the Magistrate of the district, within which the intending candidate is serving. In each case the application must be submitted not later than one month before the date fixed for the examination.

8. In the case of candidates of class (*a*) the Magistrate shall require a personal identification of each candidate by some responsible and competent person, whose opinion can be trusted and whose name should be recorded, and satisfy himself that the certificate* of respectability and moral character refers to the individual applying for permision to appear at the examination. It is particularly important that candidates be of *reputable parentage and antecedents*. In the case of each candidate of class (*b*) the application must be accompanied by the certificate of the District Superintendent of Police in the form given on the form of application. The candidates shall then be sent to the District Superintendent, who will then take the necessary steps to fill in the certificate as to measurement, &c., and will take the thumb impressions, &c., as noted on the form of application. If the District Superintendent of Police finds that the candidate is of the prescribed height and chest measurement and is free from the defect of stammering or stuttering the candidate shall then be sent by him to the Civil Surgeon or Civil Medical Officer for the prescribed certificate as to physical fitness, the fee for which will be Rs. 4, in cases of (*a*) class candidates only. In case of (*b*) class candidates no such fee is required.

BENGAL POLICE.

*I hereby certify that I have known for years, and from my own personal knowledge of his character and disposition I am of opinion that he is a steady, well behaved young man, and I know him to be of good moral character. His parentage and antecedents are reputable.

9. In the case of (*a*) class candidates the District Superintendent of Police will, after seeing that all the certificates are in order, issue a verification roll in the form prescribed in the Bengal Police Code, and inform the candidate that his appointment will be contingent on the enquiry into his parentage and antecedents proving satisfactory. In the case of (*b*) class candidates these verification rolls are not required. The District

Superintendent will then send the applicant with his certificates to the Magistrate, who, after subjecting the candidate to an examination in riding, and if he pass the examination, noting the fact on the form of application, will grant him a written permission to appear at the examination.

10. When permission has been given to any applicant to appear at an examination, the above papers with the Treasury receipt for the examination fee, which should be paid into the Treasury, will then be forwarded without delay by the Magistrate of the district in which the candidate resides to the Magistrate of the centre at which the candidate wishes to be examined.

11. Candidates who have been permitted to appear will attend before the Examination Committee on the day preceding the examination. The Examination Committee will compare the descriptions, thumb impressions (duplicate impressions being taken for the purpose, if necessary), and signatures, and satisfy itself as to the identity of the person appearing. The Committee will also satisfy itself as to the physical qualifications of any candidate concerning whom it may entertain doubt and reject such candidate, should he, on re-examination, be found below the required standard.

12. At the examination a candidate will be required to sign the papers in every subject, writing his father's name and his own address on them to avoid confusion arising out of a similarity of names.

13. After the results of the examination have been ascertained, the certificates and verification rolls of passed candidates will be forwarded to the Principal of the Police Training School, Bhagalpur, and will be treated as verification rolls.

The certificates of unsuccessful candidates will be returned, if asked for, within two months, or destroyed at the end of that period.

14. The subjects of examination will be as follows:—

I.—Dictation, Letter drafting, Précis-writing, and a short translation from Bengali, Uriya or Hindi into English. Europeans and Eurasians will be allowed to choose one out of these three languages to be examined in. No candidate failing to obtain half marks in this paper will be considered qualified for appointment.

II.—Paper on general knowledge. The questions will be set so as to test the general information and intelligence of candidates.

III.—Mathematics, including Euclid, Books I—IV, Arithmetic and Algebra, and Account-keeping.

IV.—Law, including the Penal Code, the Criminal Procedure Code, and the Evidence Act.

N. B.—Class (*b*) candidates will be exempted from passing in Euclid and Algebra, alternative questions in Arithmetic being given.

15. The marks will be given on the following scale:—

1.	Dictation and language ...	200	3	Mathematics ...	200
2.	General knowledge ...	200	4.	Law ...	200

Those who have not obtained half marks in dictation and language and one-third marks in the aggregate of the remaining papers are to be struck out as ineligible for appointment. Of the remaining candidates, a list will be made as follows:—(*i*) two-thirds of the appointments obtainable by open competition to be given to (*a*) class candidates who stand highest on the list in order of merit; (*ii*) one-third of the appointments obtainable by open competition to be given to (*b*) class candidates selected from among those candidates who have obtained not less than one-third of the marks.

16. Natives of Bengal Proper will be eligible for appointments in all districts where, Bengali is the vernacular of the district. Natives of Bihar will be eligible for appointments in districts where Hindi is the vernacular, and natives of Orissa for appointments in districts where Uriya is the vernacular. They will, however, be liable to be transferred to any district in the Province.

17. Selected candidates, whose verification rolls have been returned as satisfactory, will undergo a 20 weeks' course of instruction at the Bhagalpur Police Training School. This course will include drill, elementary surveying, anthropometry, and instruction in prosecuting cases in Magistrates' Courts and other practical duties of an investigating officer.

18. At the end of the 20 weeks candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will receive appointments in due course as fifth grade Sub-Inspectors. During the period of instruction, they will be subject to the rules and regulations of the Training School and will receive Rs. 20 a month as salary. On being passed out of the Training School, they will receive Rs. 30 a month as Probationary Sub-Inspectors.

19. The position of selected candidates in the Range lists from which promotions are made will be determined firstly in the case of (*b*) class candidates by seniority, and secondly in the case of (*a*) class candidates by the places obtained at the final examination held at the conclusion of the Training School term.

MARINE DEPARTMENT.

The 8th May 1901.

No. 58Marine.—In exercise of the power conferred by section 5 of the Indian Explosives Act, 1884, and in supersession of the Rules sanctioned under the notification of this Government, No. 25Marine, dated the 2nd February 1897, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following amended rules to regulate the transport and importation of explosives, other than those mentioned in section 14 of the Act, in the Port of Calcutta.

These rules are supplementary to the rules relating to the transport and importation of explosives made by the Governor-General in Council, and published in Home Department Notifications, No. 1417, dated the 24th June 1887, and No. 427, dated the 10th February 1892.

R. B. BUCKLEY,
Secy. to the Govt. of Bengal.

N.B.—"Explosive" as defined in section 4, Act IV of 1884, and as used in these rules:—

(*a*) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect; and

(*b*) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined. It also includes any dangerous substance which may have been ordered by the Governor-General in Council, under section 17 of the Indian Explosive Act, 1884, to be deemed an explosive.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15lbs. of common gunpowder in addition to 12 rockets and 12 blue lights. All explosives which vessels are by this rule permitted to keep on board shall be stored in a copper magazine out of risk of fire and explosion.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of 15lbs. of common gunpowder, in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port which shall have on board any explosive in contravention of these rules shall be liable to a fine which may extend to the sum mentioned in clause (*a*) or clause (*b*), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

3. Explosives of classes 1, 6 and 7, as laid down in the rules issued under Government of India Notification No. 1417, dated 24th June 1887, that is to say, gunpowder, ammunition and fireworks in excess of the quantity prescribed in Rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to insure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessel bringing consignments of trade explosives shall be allowed the use of the magazine boat; but should passing vessels require the use of the boat to put out or take in ship's powder, such vessel shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

6. Explosives specified in the first division, class 6 of the rules published under Government of India's Notification No. 1417, dated 24th June 1887, viz., safety cartridges, safety fuzes for blasting, railway fog-signals, percussion caps and, under certain conditions, fuzes for shells and tubes friction for guns brought as part of a general cargo, and which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' bye-laws.

7. In order to avoid unnecessary detention, masters of vessels requiring the use of the powder-boat shall hoist a flag at the fore-topmast head on coming in sight of the magazine as a signal to the keeper to have the boat and coolies in attendance.

8. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ships' gunpowder previously to their being landed: if not marked, they shall not be received by the magazine boat.

9. Explosives shall not be landed or received into, or delivered from, the magazine when artificial lights are required to be used.

10. The magazine-keeper shall give to the master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such master for the re delivery of such packages.

11. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

12. A clerk shall be always in attendance in the powder-boat, and shall receive from the master the declaration specified in the foregoing rule.

13. If any vessel shall be prevented, by stress of weather, or by being in distress, from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteabrooj Ghat, and the master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

14. Masters of vessels outward bound, who may require ship's gunpowder for their outward voyage, shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15lbs. of common gunpowder in addition to 12 rockets and 12 blue-lights.

15. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward bound,

and on receipt of this information orders shall be forwarded to the keeper to place the powder in the boat and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

16. Boats shall be permitted to take on board at the Moyapore magazine and bring as far as Neemuck Mehal Ghat, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50lbs. of trade gunpowder, the property of dealers and consignees.

17. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

18. No boat containing powder under the provisions of Rules 17 and 18 thall be allowed to proceed above Neemuck Mehal Ghat. All such powder shall be landed at Neemuck Mehal Ghat, and no powder shall be landed at any other ghat, except with the special permission of the Port Commissioners.

19. No smoking, and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

20. No explosive shall be landed within the port at any time when artificial lights are required to be used.

21. Masters of vessels having on board explosives belonging to the following classes, as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 1417, dated 24th June 1887, must make their own arrangements for the discharge of the explosives:—

CLASS 2.—Nitrate mixture.
" 3.—Nitro compound.
" 4.—Chlorate mixture.
" 5.—Fulminate.

22. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore magazine, and shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may from time to time be ordered by the Commissioner of Police and the Port Commissioners in addition to the restrictions laid down in the rules promulgated by the Government of India under Notification No. 1417, dated 24th June 1887.

23. Boats containing explosives of the classes specified in the two foregoing rules shall in no case anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

No. 63 Marine.—The following Resolution of the Government of India, regarding the employment of Eurasians as seamen, which was published in the Supplement to the *Gazette of India* of the 11th instant, is republished for general information.

R. B. BUCKLEY,
Secy. to the Govt. of Bengal.

No. $\frac{S.R.}{1155M.}$, dated Calcutta, the 29th March 1901.

RESOLUTION—By the Government of India, Finance and Commerce Department.

READ—

Letter in the Finance and Commerce Department, No. 5472S.R., dated the 30th October 1900, with enclosure.

Read also—

Letter from the Government of Bengal, No. 2311(Marine), dated the 20th November 1900.

" " " Madras, " 23(Marine), dated the 11th January 1901.
" " " Bombay, " 13G., dated the 17th January 1901.

OBSERVATIONS—In the letter in the Finance and Commerce Department above cited Maritime Local Governments were asked how the law on the subject of apprenticing Eurasians to sea service has been interpreted in practice and whether, as a matter of fact, Eurasians have been refused apprenticeship.

The replies show that very few Eurasians have presented themselves for apprenticeship in past years, but the law on the subject is differently interpreted in different provinces. In Calcutta the provision made in section 29 of the Indian Merchant Shipping Act (V of 1883) for the employment of native seamen is understood to be applicable to Eurasians, and they are not allowed to be shipped as seamen without a stipulation providing for their return to British India.

The Government of India are of opinion that the words "Native Seamen," as used in the section above mentioned, should not be held to include "Statutory Natives," but should be read in the ordinary meaning of the word Native, as referring to the indigenous, as opposed to the European or Eurasian, inhabitants of India. The law, as it at present stands, does not preclude the apprenticing of Eurasians to sea service, or prevent their being shipped as seamen on merchant vessels on the same terms as Europeans, and there is no legal bar to their being so employed.

RESOLUTION.—His Excellency the Governor-General in Council considers it undesirable that any restrictions should be imposed by the executive orders of Local Governments on the employment of Eurasians on merchant vessels, and any instructions on the subject which it may be thought advisable to issue to Port Officers, should be reported for the previous approval of the Government of India.

ORDER.—Ordered, that this Resolution be communicated to the Governments of Madras, Bombay, Bengal and Burma.

ATE HOUSE;
9th May, 1901.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 1st and 2nd July 1901, at 10-30 A.M. :—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) " Book-keeping," by Ball and Hamilton.
" Book-keeping " by double and single entry, by W. Inglis (Chambers' Educational Course).

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied dy a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the college or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination apers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the fourth grade of Accountants, Public Works Department.

J. S. SLATER,
Principal, Civil Engineering College.

The New Elfin Channel.

THE Port Officer, Chandbali, has given notice that the New Elfin Channel has slightly shifted to southward. Transit marks have been shifted 2,500 feet S.S.W. of former position. Transit on from seaward W. by N. magnetic. The marks are two posts surmounted with globe, front mark black and back mark white. The centre Elfin buoy has been painted red, and is now a starboard hand-buoy. There is 3 feet reduced at buoy. The inner Elfin black buoy has been shifted 100 feet east of former position in 3 feet reduced. Masters of vessels should get transit marks on a little to northward of Fairway buoy and come in marks on W. by N. until the centre and inner Elfin buoys are in line; then proceed in line of buoys. There is now 2 feet reduced on the bar. Masters should be cautious in crossing the bar, as the channel is still liable to shift further to the southward.

Colombo harbour Pilot signals—Amended.

WITH reference to Notice to Mariners No. 33, dated 6th February 1900, issued by this office, the British Admiralty has given further notice (No. 234 of 1901) that the signification of one of the signals made from the Pilot-station tower in answer to vessels' signals for a

pilot at night time, viz., a white flashing light for a period of about two minutes, indicates that a vessel should anchor well out or keep under way until daylight, and not that bad weather prevents pilot from coming out, as stated in the above notice.

Approximate position, lat. 6° 56′ N., long. 79° 50′ E.

This Notice affects the following Admiralty Charts:—Ceylon, No. 813; Colombo harbour, No. 914; also Bay of Bengal, 1892, page 46, and West Coast of Hindustan, 1898, page 95.

The British Admiralty has given notice (No. 223 of 1901) of the existence of the undermentioned reefs between Loheiya and Farisan islands :—

(*a*) A reef extends from Kandamán Kebir for about 1½ to 2 miles in a north-easterly direction.

Approximate position lat. 15° 35′ N., long. 42° 33′ E.

As the reef marked P.D. on the Chart about 1 mile eastward of this was not seen under favourable circumstances, it has been erased from the Chart.

(*b*) The two islets situated about 2⅓ miles to the southward of the south-west point of Entufash island are reported to be joined by a shoal bank to the island, with no passage between.

Approximate position, lat. 15° 38′ N., long. 42° 22′ E.

(*c*) A reef extends in a northerly direction from the north point of Kotama island for a distance of about 2 miles.

Approximate position, lat. 15° 43′ N., long. 42° 16′ E.

(*d*) A reef extends in a southerly direction from the south point of Sana island for a distance of about 1½ miles.

Approximate position, Sana island, lat. 16° 7½′ N., long. 42° 15′ E.

(*e*) A shoal with a depth of 2⅓ fathoms over it is reported to exist in approximately lat. 16° 28′ 10″ N., long. 42° 3′ 30″ E.; and another with a depth of 3 fathoms over it in approximately lat. 16° 27½′ N., long. 42° 3½′ E.

Banda shoal erased from chart.

The British Admiralty has given notice (No. 224 of 1901) that information received from the Board of Trade shows that the Banda reef in the China Sea placed on the charts in lat. 8° N., long. 107° E., was inserted under a misapprehension, as that vessel struck, in September 1871, on the reef extending from Lumbukan island in Balābac strait in lat. 7° 49′ N., long. 117° 12′ E. Banda Reef has therefore been expunged from the Admiralty Charts.

PACIFIC OCEAN—LISIANSKY ISLAND.

Reefs to the southward.

THE British Admiralty has given notice (No. 226 of 1901) that the master of the British ship *Springbank* reports that on the 11th September 1900 his vessel struck at night on a reef lying about 11 or 12 miles south-eastward of Lisiansky island. This reef, which is of considerable extent, was partially examined by the master of the *Springbank*, as the ship was entangled by shoals for 14 days; in it is an opening to the eastward forming a bay, encumbered with shoals, 3 miles deep.

As reefs have been previously reported in a south-easterly direction from Lisiansky island, and soundings obtained of from 15 to 20 fathoms in from 25° 43′ to 26° 3′ north latitude, and 173° 19′ to 173° 22′ west longitude, it is probable that a large bank extends for about 30 miles from Lisiansky on which are coral reefs. Vessels consequently should approach Lisiansky from the southward and eastward with great caution.

Approximate position of shoal, lat. 25° 50′ N., long. 173° 45′ W.

CAUTION.—The longitude of Lisiansky island has not yet been satisfactorily ascertained. It is said to be east of the position shown on the chart, viz., 173° 57′ W.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 0°·2 lower; and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF APRIL 1901.

DURING the greater part of April ordinary hot season conditions were generally prevalent. While there was a greater absence than usual of any widespread or general disturbance such as not unfrequently occurs during the hot season, and is due to the eastward passage of a depression, which has originated in North-Western India, there were considerable local changes at times. Pressure, temperature and wind directions underwent rather larger and sudden variations, and with these changes there was a tendency to the formation of local disturbances and scattered rainfall. These variations were particularly noticeable in the east, and more especially in Assam, where in the course of a day or two temperature would change from being considerably in excess to being as much in defect.

In ordinary conditions these changes would probably be connected with disturbed weather over a wide area, and with a more or less established state of the atmosphere, it may be of the higher levels; and the irregularities of the past month would consequently be due to that month being a time of change from one set of established conditions to another. Indications that some such change is in progress are sufficiently strong, and particularly as regards rainfall, though the change being probably on a much larger scale than what is usually noticed under the title of weather, it is slow in its development.

For some months a noticeable feature of the weather in the north and east has been the absence of rainfall, an absence which for the month under review has been only partial. All divisions of the Province have received more than their normal amount, except North Bengal and Bihar, where, however, compared with the normal, there has been a considerable deficiency. In Assam, where of late months rainfall has been much in defect, there has been a very marked improvement, more especially in Cachar, where, as shown by the reports published for Silchar, there has been a considerable excess. Sibsagar received 7·3 inches during April, which is about 2 inches below the amount usual in that month.

Assuming, therefore, in explanation of the irregularities noticed above, that an important general change is in process which will take some time to establish, and which is probably not in any way connected with the approaching monsoon season, it merely remains to notice the more marked oscillations in the various meteorological elements. Almost throughout the month the daily oscillations were more abrupt than is usual in settled weather, and with these sudden changes local disturbances with light scattered rainfall were of not unfrequent occurrence, except in Bihar. But there was one period of more marked disturbance about the end of the third week, when pressure was low over Bengal, and the greater part of the rainfall of the month occurred.

At the beginning of the month the pressure distribution was very nearly normal over both the Bay and the Province. There was a general small excess which diminished from the south-west of the Bay north-eastward and was practically zero in the south of Assam. Winds were westerly or south-westerly, except in the northern districts, and temperature was usually 1° or 2° in excess. This pressure arrangement had followed a general brisk fall over the northern districts; and as there was a brisk rise in the north-east on the 2nd, the north-easterly winds extended southwards as far as Chota Nagpur. The cyclonic circulation of winds was accompanied by local disturbances with fairly general light rainfall in North and East Bengal, and a large reduction of temperature over the whole Province. On the 4th and 5th the pressure distribution was uniform, winds were light and westerly inland, and temperature was recovering in the east.

On the 6th a brisk fall of pressure began in the east and extended westward, being greatest in the western districts on the 7th, but there was little change in the general weather conditions. With the exception of a few light scattered showers, the rainfall was confined to the extreme east, where there was again a considerable reduction of temperature. From the 8th to the 11th settled conditions prevailed, with pressure normal, winds west or south-west, except in the east, and temperature in small excess.

On the 12th pressure fell briskly and unsettled weather recommenced; but again it was chiefly in the extreme east, as very little rain fell in any part of Bengal. On the 14th Silchar received about 4 and on the 15th 2 inches of rain. Between the 12th and 15th a shallow depression was over Bengal, with a steep gradient to the south, and the winds in the north-west angle of the Bay attained to the greatest strength recorded during April. At Saugor Island the average velocity on the 13th was 33 and on the 15th 30 miles an hour. This depression to a great extent filled up on the 16th and 17th, when there was an almost normal distribution over the Bay and the Province. The greatest defect was then ·06 inch in the extreme north.

On the 18th the fall of pressure began, which was the first indication of the disturbed weather at the end of the third week. The fall commenced in Assam and extended westward, being general over the Province on the 19th. This was followed by a rise on the 20th and a steep gradient over Bengal on the 21st. The rainfall, which began on the 18th, was in the early stage of the disturbance most general, but only light in Lower Bengal. After the changes had passed westward, the rainfall ceased, as the 20th was practically without rain, except in Orissa and Chota Nagpur. Between the 18th and 21st the daily changes

were such as usually occur when a shallow depression is moving from east to west over the Province.

On the 21st a reversal of these changes began, and between that date and the 23rd a shallow depression was moving from west to east with a tendency southward. In consequence of the frequent changes in the wind circulation, due to the movement of the depression being first from east to west and then from west to east, thunderstorms with more or less heavy rain were of daily occurrence in the southern and eastern districts, and it was not till the 24th that settled weather was fairly general.

During the last week pressure was high over the Province; and as it was relatively low over the Bay, the gradient was not so steep as usual. Wind force fell off and temperature rose till there was again a large excess in the north-east, but there was continuous cool weather for the season in the south-western districts. Though pressure was high, weather was not so settled as is usual in such circumstances. Local storms continued, and were at times fairly numerous in the southern districts up to the end of the month.

Pressure changes were never large; but owing to the somewhat unsettled state of the atmosphere almost throughout the month, the oscillations were larger than usually occur, except when weather is being influenced by a disturbance of some magnitude. The variation from the normal was also less regular and continuous in either direction than usual, and consequently the averages for the month are practically normal. In the western districts there is a slight excess, and elsewhere a slight defect, generally under ·02 inch.

Temperature was generally above the normal in the early part of the month and again towards the end, while about the end of the third week there was a period of cool weather, which followed the general disturbance of that time. The low temperatures then prevalent slowly disappeared after the rise of pressure on the 24th, except in the south-west, where there was a continuous defect, especially on the last day of the month.

The variation, as usually happens during the hot season, was much greater in the day than in the night, as the occurrence of cloudy weather is followed by a large reduction in the maximum reading with probably little or no change in the minimum reading.

The average variation for April from the normal maximum temperature ranges from defect of 2°·5 at Chaibassa to excess of 5° in part of North Bengal. The variation from the normal minimum is much smaller, there being a general small excess, except in the northern districts, where there is a small defect.

The average mean excess for the month is 2°·4 in North Bengal, 1° 8 in East Bengal, and a little under 1° in South-West Bengal. In other parts of the Province and Assam the variation is small.

Rainfall.—Scattered showers were more frequent than usual, except in Bihar and North Bengal, but these showers were in many cases light and scattered, and did not add materially to the total for the month, except what fell at the end of the third week, when moderately heavy rainfall was general in the east and south of the Province. In East Bengal the fall was more than half an inch in excess; in South-West Bengal the average excess was ·8 inch, and in Orissa ·4 inch, while in Bihar about one-sixth of the usual amount fell, and in North Bengal a little over 1 inch instead of the usual amount of 3 inches.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the month of April 1901:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

d, drizzling rain.

NOTIFICATION—No. 226T.R.

The 16th May 1901.—Whereas an application was made by the proprietors of mauzas Batajore, Bowa, and Safinagar, of pargana Sandwip, being part of estate bearing tauzi Nos. 210 and 16 in the district of Noakhali, for a survey and preparation of a record of rights in respect of all lands situated in those mauzas, and whereas they agreed to deposit the cost of the operations:

Noakhali.

In exercise of the powers conferred by section 101 (2) (*a*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record of rights prepared in respect of all the lands situated within the external boundaries of the mauzas Batajore, Bowa, and Safinagar, of pargana Sandwip, being part of estate bearing tauzi Nos. 210 and 16 in the district of Noakhali.

The particulars to be recorded in the survey and record of rights shall be the following:—

(*a*) The name of each tenant or occupant.

(*b*) The class to which he belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure.

(*c*) The situation, quantity, and one or more of the boundaries of the land held by each tenant or occupier.

(*d*) The name of each tenant's landlord.

(*e*) The money-rent payable at the time the record of rights is being prepared, or if a produce-rent, the fact that produce-rent is paid.

(*f*) The mode in which that rent has been fixed, whether by contract, by order of a Court, or otherwise.

(*g*) If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*h*) The special conditions and incidents, if any, of the tenancy.

(*i*) If the land is claimed to be held rent-free, whether or not rent is actually paid; and if not paid, whether or not the occupant is entitled to hold the land without payment of rents, and if so entitled, under what authority.

(*j*) The name of each proprietor, with character and extent of his interest, and the situation, quantity, and one or more of the boundaries of the proprietor's private lands as defined in Chapter XI of the Act.

Secy. to the Govt. of Bengal.

Applications under section 103 for the record of particulars specified in section 102 in estates or tenures.

---

45. These applications shall be made to the Collector of the district. Old rule 45.

46. The application shall specify—

(*a*) the status of the applicant, viz., whether he is a proprietor or a tenure-holder;

(*b*) the particulars specified in section 102, Bengal Tenancy Act, in respect of which the application is made;

(*c*) the number of tenants occupying the estate or tenure or part thereof in respect of which the application is made, the total rent payable by them at the time, and the estimated area covered by the application (so far as the applicant is able to give these particulars). Old rule 46 modified.

47. (*a*) If the application is made by a proprietor, it shall not be admitted unless the name of the applicant and the extent of his interest are registered under Act VII (B.C.) of 1876. Old rule 47 modified.

(*b*) If the application is made by a tenure-holder, it shall not be admitted unless the right of the tenure-holder and the extent of his interest is admitted by the superior landlord or is proved to the satisfaction of the Collector.

48. On receipt of the application, the Collector shall forward it to the Commissioner with any remarks which he may think necessary. Old rule 48.

49. The Commissioner may call for further information, or may require the application to be amended. Ditto 49.

50. If the Commissioner considers that the application cannot be granted with advantage to the interests of all persons concerned, he may reject it. If he approves it, he shall forward the application, with an expression of his opinion, for the orders of the Board of Revenue. Ditto 50.

51 A Commissioner rejecting an application shall record his reasons for doing so, and the applicant, if dissatisfied with the order, may appeal within one month to the Board of Revenue. Ditto 51.

52. When an application is referred to the Board under rule 50, or an appeal is preferred under rule 51, the Board may call for further information if necessary, and shall pass such orders as it may think fit for allowing or rejecting the application. Old rule 52 modified.

53. As soon as an application is allowed, the Collector shall call upon the applicant to deposit eight annas per acre of the estimated extent of the estate or tenure or part thereof in respect of which the application has been allowed. If the Collector is unable to estimate the area, he shall require a deposit at the rate of Rs. 2 for each tenant. If the amount does not exceed Rs. 500, the applicant must deposit the whole amount in advance. If it exceeds Rs. 500, the applicant shall deposit the sum of Rs. 500, and shall give such security as the Collector may require for the payment of the balance of the deposit in such instalments as the Collector may from time to time demand. Old rule 53.

If the amount deposited as above proves more than sufficient to cover the cost of the proceedings, the unexpended balance will be refunded on their termination.

If the amount deposited proves insufficient to cover the cost, the applicant shall, when required by the Collector, deposit from time to time such further sums as the Collector may think necessary for the completion of the proceedings. If he shall fail to do so, the proceedings may be stopped and the order allowing the application cancelled.

54. Revenue officers deputed to carry on proceedings under section 103 are hereby vested with the powers mentioned in section 189 (*a*) and (*b*). New.

55. If the application be for the ascertainment and record of all the particulars mentioned in section 102, a record similar to the record of rights described in rule 8 above shall be prepared, and the Revenue officer shall follow the procedure prescribed in rules 4-19 above, except so far as such procedure relates to the record of proprietary interest, or the record of proprietor's private lands under Chapter XI of the Bengal Tenancy Act. New.

If the application is for the ascertainment and record of some only of the particulars specified in section 102, the Revenue officer shall ascertain and record the particulars in such manner as may be most convenient, and shall follow, so far as necessary, the rules above referred to.

56. When the particulars, for the ascertainment of which the proceedings have been instituted, have been ascertained, the Revenue officer shall prepare a draft record and publish it. For this purpose he shall follow the procedure laid down in rule 20 above, and he shall receive and dispose of objections in accordance with the procedure laid down in rule 21 above. New.

57. When all objections have been disposed of as provided for in the preceding rule, the Revenue officer shall correct the draft record in accordance with the order passed by him, and shall finally frame the record and shall endorse on it a certificate that it has been duly prepared in accordance with the preceding rules. Rule 35 modified, and section 103B, Bengal Tenancy Act.

A note shall be made on the record of all disputed points which have been dealt with in accordance with rule 56 above. Section 107 (2), Bengal Tenancy Act.

Rule 43 modified.

58. The Revenue officer having finally prepared the record shall cause it to be published in accordance with the procedure laid down in rule 35 above. He shall also cause a copy of it to be made for the applicant under section 103, and shall make it over to him. An extract from the record relating to his interest shall also be given to each tenure-holder and raiyat in the estate or tenure.

The final copy of the record, and of the map, if prepared, shall be deposited in the office of the Collector of the district.

REVISED REGULATIONS FOR THE FOREST SERVICE BRANCH OF THE ROYAL ENGINEERING COLLEGE, COOPER'S HILL.

No. 259 T R.—The 18th May 1901.—The following is published for general information.

F. A. SLACKE,
Secy. to the Govt. of Bengal.

Circular No. 6F.

Extract from the Proceedings of the Government of India, in the Department of Revenue and Agriculture (Forests), dated Simla, the 15th April 1901.

READ—

Circular Resolution No. 12F., dated 17th December 1900, containing Regulations for the Forest Service Branch of the Royal Indian Engineering College, Cooper's Hill, for 1901.

READ also—

The following revised Regulations for 1901 of the Forest Service Branch in Cooper's Hill College:—

REGULATIONS FOR THE FOREST SERVICE BRANCH OF THE ROYAL INDIAN ENGINEERING COLLEGE, COOPER'S HILL, FOR 1901.

Revised copy, to be substituted for that issued in December 1900.—*Special attention is invited to the changes in paragraphs 4, 5 (note), 6, 8 and 11.*

[*The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.*]

1. The Royal Indian Engineering College is primarily maintained under the orders of the Secretary of State for India in Council, in view to the education of candidates from this country for the service of Government in the Indian Public Works and Telegraph Departments, the Accounts Branch of the Public Works Department, the Traffic Branch of the Indian State Railways, and the Forest Department; but it is open, to the extent of the accommodation available, to other persons being British subjects desirous of following the course of study pursued in it.

2. Admission to the College is under the orders of the President, who will allot accommodation as may best secure the object for which the College is primarily maintained, namely, the training and recruitment of the European element in the Departments mentioned in Clause 1.

INDIA FOREST DEPARTMENT APPOINTMENTS.

3. The examination, which will be conducted by the Civil Service Commissioners will be simultaneous with, and (except that German must be taken as an obligatory subject and that Botany is added) in the same subjects and papers as the examination for the Indian Police Department,* which is usually held in June.

Candidates may undergo the written part of their examination in London, Edinburgh, or Dublin, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A list of the probable centres may be obtained from the Civil Service Commissioners at any time after January 1901. The oral and practical parts of the examination will be held in London only.

A fee of £2 is required from candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is £3. Candidates examined at a college or school will probably be required to pay a local fee in addition to the fee of £3 (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates about ten days before the examination.

* Candidates may, if qualified, enter for both the Police and the Forest Departments. They will, in such case, have to pay the fee due in respect of each examination.

4. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India; the figures as regards each particular year will be advertised from time to time. *In 1901 there will be eleven appointments offered for competition.*

5. Candidates for the Indian Forest Department are selected under the following arrangements:—

(1) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.

(2) An applicant must send* to the Revenue Department of the India Office, on or before the 1st day of May of the year, in which he proposes to compete:—

(*a*) His name, parentage, and home address, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.

(*b*) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.

(3) Applicants will have to appear before a Medical Board† at the India Office, particular stress being laid upon good vision‡ and hearing. A physical test will also be imposed, so as to ensure the selection of persons of active habits and powers of endurance.

(4) Applicants who have passed the medical examination and the physical test will be permitted to undergo an examination before the Civil Service Commissioners in the following subjects§ (Classes I and II), marks being assigned as follows:—

CLASS I ‖

	Marks.
Mathematics I (including Arithmetic)	3,000
German¶, (300 for colloquial)	2,000
Botany	2,000
English Composition	1,000
Geometrical Drawing	500
Freehand Drawing	500
Geography	500

CLASS II.

Mathematics II	2,000
Latin	2,000
French	2,000
Greek	2,000
English History	2,000
Chemistry and Heat	2,000
Physics	2,000
Physiography and Geology	2,000

Candidates must obtain such an aggregate of marks in the examination as a whole as may indicate in the judgment of the Civil Service Commissioners a competent amount of general proficiency.

---

* There is no form of application; the documents specified in paragraph 5 (2), clauses (*a*) and (*b*), should be enclosed in a covering letter addressed to the Secretary, Revenue Department, India Office, London.

† It is suggested that a candidate before commencing any special course of study, should undergo a thorough medical examination. By such an examination any *serious* physical disqualification would probably be revealed, and the candidate might thus be spared the expense and waste of time involved in a course of preparation for a service for which he is physically unfit.

Candidates for the Forest Service may, if they wish it, undergo a preliminary examination by the Medical Board at the India Office, not more than two years before they are qualified to compete, under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination, are not bound to accept its opinion, but may *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, shortly before the literary examination at which they wish to compete.

(*d*) On the other hand it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidates information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final medical examination upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit either on account of some physical defect which did not exist or passed undetected at the preliminary examination or for other reasons.

‡ On the subject of the standard of eyesight required for the Indian services, a pamphlet can be obtained on application to the Secretary, Revenue and Statistics Department, India Office.

§ Reprints of the papers set at previous examinations, together with tables of the marks assigned to the candidates, are published by the Civil Service Commissioners, and can be obtained through any book-seller from the following Agents:—EYRE & SPOTTISWOODE, East Harding Street, Fleet Street, London, E. C.; JOHN MENZIES & Co., Rose Street, Edinburgh, and 90, West Nile Street, Glasgow; and HODGES FIGGIS & Co., Limited, 104, Grafton Street, Dublin. The price is one shilling.

‖ All the subjects of Class I may be taken up. Only two of the subjects of Class II may be taken up.

¶ Candidates must qualify in German.

(5) The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided they obtain the aggregate referred to above and satisfy the requisite conditions in other respects). These probationers will then enter the College, where they will be further trained for the Forest Service of India.

(6) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons whom, after consulting the authorities of the College, he may consider properly qualified to become probationers for the Forest Service.

6. The course of study for candidates for the India Forest Service extends over about three years. For about six terms the candidates will prosecute their studies mainly at the College, and during the period of foreign study, which will occupy the remainder of the course, they will visit under suitable supervision, such continental forests as may be selected for the purpose. Excursions may also be made for purposes of instruction, both during term time and during part of the vacations.

7. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter, and eight weeks in the summer.

8. A charge of £61 is made for each of the six terms spent at the College; for the period of foreign study the charge is £70 for each of the three terms; the amounts must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence or to start for or continue his study of foreign forests until his fee for the term has been paid.

9. A deposit of £5 is required to be paid by each student on admission to the College as caution money, to cover charges incurred by him for damage to books, instruments, etc., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion £66.

10. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging, with washing up to a cost of 2*s.* a week, and ordinary medical attendance while in residence at the College. When students are on tour and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the aggregate maximum expenditure under these heads being 10*s.* per diem); (2) travelling expenses; and (3) fees to local Forest officers, etc.

Students are required to provide their own class books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

11. The prescribed course of study comprises the following subjects:—

I—Auxiliary Subjects.

1. Geometrical Drawing.	7. Physics.
2. Freehand Drawing.	8. Chemistry.
3. Surveying.	9. Geology and Mineralogy.
4. Forest Engineering.	10. Entomology.
5. Accounts.	11. Botany.
6. German.	12. Drill and Gymnastics.

II.—*Forestry, Theoretical and Practical in all its branches.*

12. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which, or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the foreign study, which may entail the loss of his appointment.

13. During the course of study, the proficiency of the students will be tested by periodical examinations, and on the termination of their studies there will be a final examination. Each student may also, at the discretion of the Secretary of State for India, be required from time to time to appear before the medical board, and should the result be unsatisfactory he cannot claim to be allowed to complete the course.

14. The subjects enumerated in paragraph 11 are grouped in certain main branches of study,* and a fixed minimum of qualification is required in each branch and in the subjects taught during the forest tours, as well as a certain minimum for all branches taken together. Students who obtain these minima will receive the College diploma in Forestry.

15. Candidates who have obtained this diploma, and are found to be of sound constitution and free from physical defects which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India), will be appointed Assistant Conservators in the Forest Department of

India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India after consulting the President of the College. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

16. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

17. The pay of an Assistant Conservator of Forests will begin from the date of reporting arrival in India. Probationers who acquit themselves creditably during their course at Cooper's Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with the President of the College to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India. Officers entering the Forest Service will be required to contribute a subscription ranging from a compulsory minimum of 5 per cent. up to a voluntary maximum of 10 per cent. of their salary to the Forest Officers' Provident Fund. Such contributions, with compound interest, will accumulate till the date of retirement, when the total sum will be paid to the contributor, or, in the event of death before retirement, to his legal representative.

18. Promotion, leave, and pension will be governed by the regulations laid down by the Government of India and made applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. The pension rules applicable to Public Works and Telegraph officers appointed from Cooper's Hill College have been extended to Forest officers appointed from England, and the Inspector-General of Forests and Conservators of the 1st grade are now eligible for the extra pension of Rs. 1,000 per annum admissible to an officer after at least three years of approved service as a head of a department in any province, if considered deserving of the special concession. A copy of the Regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office; the principal rules are contained in the Abstract of the Civil Service Regulations, as given in the "India List and India Office List," published by Messrs. Harrison and Sons, 59, Pall Mall, London, which can be procured through any book-seller.

19. Every candidate, before proceeding to India, will be required to furnish to the President of the College satisfactory evidence of his competency in riding.

GENERAL RULES.

20. Chemical, physical and botanical laboratories, a forestry museum, a forest nursery, a library, and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with the needful apparatus.

21. The responsibility for the discipline and management of the College and for the superintendence of the studies is vested in the President, under the control of the Secretary of State for India.

22. The students are distributed in divisions under personal charge of one of the Professors or Instructors selected by the President; such tutor being responsible for exercising the proper degree of personal supervision over each student in his division, and for conducting necessary correspondence with the student's parents or guardians.

23. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in Hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

24. A chapel is attached to the College, which the students are required to attend at Sunday morning service, unless specially exempted.

25. Every student will be required to go through a course of gymnastics and also of military exercises, including the use of the rifle.

STUDENTS NOT NOMINATED FOR THE INDIAN FOREST SERVICE, BUT DESIROUS OF OBTAINING A DIPLOMA IN FORESTRY FROM COOPER'S HILL COLLEGE.

26. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only.

On attaining the prescribed minima of marks in the several branches of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in Forestry or special certificates showing in what subjects they have followed the instruction, and with what result.

27. Candidates who desire to be admitted under paragraph 26 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

28. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College about the last week in June of the year for admission. The object of the examination will be to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an University diploma, or other similar certificate granted by a recognised examining body.

29. Candidates admitted to the College under paragraph 26, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the India Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

FOREST ENTRANCE EXAMINATION.

SYLLABUS.

Mathematics I.—Arithmetic; Algebra up to and including the Binomial Theorem; the theory and use of logarithms; Euclid, Books I to IV and VI; Plane Trigonometry, up to and including solution of triangles; Mensuration.

Mathematics II.—Further questions on the Syllabus of Mathematics I; Elementary Solid Geometry, including Euclid, Book XI, Propositions 1 to 21; Euclid, Book XII, Propositions 1 and 2; Geometrical Conic Sections, the elementary properties common to the ellipse, parabola and hyperbola; Dynamics and Statics, uniform and uniformly accelerated rectilinear motion, uniform circular motion, motion of projectiles (not requiring a knowledge of the parabola), equilibrium of forces in one plane and of parallel forces, the centre of mass, and the construction and use of the simpler machines.

Latin.—Passages selected from the authors usually read in schools will be set for translation into English. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed, in the place of verse composition, to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language, and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

Greek.—Passages will be set for translation into English from the authors usually read in schools, and in other respects the Examination will proceed on the same lines as in Latin.

French.—Translations of unseen passages from French into English, and from English into French. The passages for translation will be taken, mainly, from standard authors, and a few simple questions may be asked on the passages set, as to the structure and character of the language, and allusions of obvious and general interest. The *viva voce* examination will include Dictation. 300 marks will be allotted to colloquial knowledge of the language.

German.—The passages for translation will be taken mainly from standard authors, and in other respects the examination will proceed on the same lines as in French.

English Composition.—Candidates will be tested by précis-writing as well as by an Essay. The standard of positive merit will be looked for in logical arrangement of thought, and in accuracy and propriety of expression, but large deductions of marks will be made for faults of writing and spelling.

(Candidates are also warned that for similar faults in the use of the English language similar deductions will be made from the marks obtained in other subjects.)

Geometrical Drawing.—Practical plane geometry; the construction of scales; and the elements of solid geometry, and of simple orthographic projection. Great importance will be attached to neatness and exactness of drawing.

Geography.—Simple questions in descriptive and general geography.

English History.—The General Paper in this subject will be confined to events subsequent to the Norman Conquest. It will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts.

The paper on the special period will be confined to distinctly modern history. It will require from the candidates more minute knowledge than the General Paper.

The Special Period will be for 1901 :—From 1748 to 1800.

Natural Science Subjects.—The standard of examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a laboratory, etc. A considerable portion of the marks will be given for proficiency shown in the practical part of the Examination. A knowledge of the metric system will be expected.

Chemistry.—The laws of chemical combination and decomposition, and the preparation, classification, and properties of the principal metallic and non-metallic elements, and of such of their compounds as are treated of in inorganic chemistry. In the practical part of the examination only the more ordinary apparatus and the less dangerous reagents will be supplied, and no candidate will be allowed to bring his own apparatus or reagents.

Heat.—The elementary portion of the subject.

Physics.—The elementary properties of electricity, magnetism, light, and sound.

Physiography, i.e., physical geography.

Geology.—Chiefly economic, including the recognition of the more familiar minerals and rocks, and their properties and uses.

Botany.—The elementary parts of vegetable morphology, histology and physiolgy and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language.

(Questions will not be set on vegetable palæontology or on the geographical distribution of plants.)

ORDER.—Ordered, that a copy be forwarded, for information, to the Governments of Madras and Bombay, the Local Governments and Administrations noted in the margin, the Inspector-General of Forests and the Comptroller and Auditor-General.

Bengal.	Burma.	Ajmer.
North-Western Provinces and Oudh.	Central Provinces.	Andamans.
Punjab.	Assam.	Baluchistan.
	Coorg.	Hyderabad.

Ordered, also, that these papers be published in the *Supplement to the Gazette of India.*

RESOLUTION—No. 89T.—P.

MEDICAL.

Dated Darjeeling, the 14th May 1901.

READ—

Letter from the Inspector-General of Police, No. 4430, dated the 20th/23rd April 1901, reporting on the working of the Chittagong Pilgrim Camp during the season 1900-1901.

As in previous years, the Inspector-General of Police, Lower Provinces, was placed in charge of the arrangements for despatching pilgrims to the Hedjaz from the port of Chittagong during the season 1900-1901, and the report submitted by him describing the arrangements made for this purpose is published herewith for general information. By the orders of the Government of India, pilgrimage was at first permitted, so far as Bengal was concerned, from the Chittagong Division only. Subsequently, however, on the representation of the Muhammadan Literary Society of Calcutta, which was supported by

this Government, the orders were so far modified as to permit of the pilgrimage being made from the Chota Nagpur, Orissa, Dacca and Rajshahi Divisions also.

2. The pilgrim camp at Chittagong was opened on 1st December 1900, and the total number of pilgrims despatched was 2,270, of whom 1,791 were from Bengal alone. They were sent in four steamers, the *Ashruf*, which sailed on the 3rd January 1901 with 629 pilgrims, the *Taher*, which sailed on the 27th January with 632 pilgrims, the *Akbar*, which sailed on the 16th February with 495 pilgrims, and the *Mohammadi*, which sailed on the 17th February with 454 pilgrims. As the 17th February was the latest date for sailing, and no pilgrims who left Chittagong after that date could reach the Hedjaz in time for the pilgrimage, the pilgrim camp was then closed.

3. In order to prevent pilgrims from obtaining admission into the Chittagong camp by giving false addresses, the Inspector-General of Police suggests that intending pilgrims should be required to obtain, before starting for Chittagong, a certificate of residence from the District Magistrate or Subdivisional Officer of the district or subdivision in which they permanently reside, bearing the left thumb impression of the person to whom it is issued. The suggestion commends itself to the Lieutenant-Governor, and the Government of India will be requested to sanction its adoption in the provinces from which pilgrimage may be permitted in future years. The proposal of the Magistrate to open a temporary station at the camp at which pilgrims can be detained without entering the town is also approved. The proposal made by the Inspector-General to restrict the sale of railway tickets to Chittagong to such of the intending pilgrims only as have received the abovementioned certificates seems to the Lieutenant-Governor to be impracticable, and he is unable to sanction it.

4. The number of pilgrims despatched from Chittagong shows a progressive annual increase, the numbers being as follows:—

1897-98	...	708	1899-1900	...	1,876
1898-99	...	1,146	1900-1901	...	2,270

The increasing numbers may constitute a danger to Chittagong, which is the only important port in Bengal now free from plague. In view of this the Magistrate has proposed that additional accommodation, which should be of the nature of an "observation camp," should be put up outside the pilgrim camp proper for the occupation of intending pilgrims for whom there is no room in the camp itself. This will be considered after the Inspector-General of Police has visited Chittagong and discussed matters with the local authorities and the Sanitary Commissioner.

5. The thanks of the Lieutenant-Governor are due to the Inspector-General of Police and to the gentlemen named by him for the excellent manner in which they carried out the work.

ORDER.—Ordered that this Resolution, as well as the Report from the Inspector-General of Police on the subject of the pilgrimage arrangements, be published in the *Calcutta Gazette*, and that a copy of the Resolution and of the Report be submitted to the Government of India for information.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Govt. of Bengal.

No. 4430, dated Calcutta, the $\frac{26th}{27rd}$ April 1901.

From—W. R. BRIGHT, Esq., C.S.I., I.C.S., Inspector-General of Police, L. P.,
To—The Secretary to the Government of Bengal, Municipal (Medical) Dept.

I HAVE the honour to report on the working of the Chittagong Pilgrim Camp during the season 1900-1901.

2. Under the terms of India Government, Home Department, Notification No 2615, dated the 26th October 1900, all Indian ports, except Karachi in

Sind and Chittagong in the Lower Provinces, were closed to pilgrims for Mecca, and it was decided that Chittagong should be the port of embarkation for pilgrims from Bengal, Assam, Burma and the eastern portion of the North-Western Provinces and Oudh. The arrangements for the despatch of pilgrims from Chittagong were, as in the past three seasons, placed in my charge by Bengal Government (Municipal Department, letter No. 924T.—P., dated the 6th November 1900.

The pilgrimage for this season was at first closed against residents of the Bombay Presidency (excluding Sind), the Madras Presidency, the Mysore State, Coorg, the Jullunder district of the Punjab, and Bengal excepting the Chittagong Division. Subsequently, by India Government letter No. 3032, dated the 22nd December 1900, the prohibition against residents of the Dacca, Rajshahi, Chota Nagpur and Orissa Divisions was withdrawn.

3. (*a*) The work of repairing the existing camp at Chittagong was commenced in September last at an estimated cost of Rs. 4,017, and was completed in good time. The camp was originally designed to accommodate 800 pilgrims, and proved sufficient so long as the complement of passengers for a single steamer had to be dealt with; but when permission was received at the end of December, as mentioned above, to admit residents of Dacca, Rajshahi, Chota Nagpur and Orissa, there was a rush of pilgrims from some of those Divisions, and it was found necessary to increase the accommodation, in order that all intending pilgrims might be shipped in time to arrive at Mecca before the principal day of the pilgrimage which this year fell on the 29th March.

(*b*) Accordingly 14 additional barracks were constructed, and it was thus possible to deal at the same time with the complement of pilgrims for the two last steamers which were despatched within a day of one another.

(*c*) The camp, as it then stood, had accommodation for 1,500 pilgrims. A sum of Rs. 9,147 was expended on the additions to the camp including the construction, at the instance of the Collector of Chittagong, of three sheds on the west of the railway line, which were provided on the recommendation of the Sanitary Commissioner for pilgrims awaiting admission to the camp.

(*d*) The land on which the camp proper stands belongs to the Assam-Bengal Railway Company, which has kindly placed it temporarily at the disposal of Government, but the sheds mentioned above, on the further side of the railway line, are on a piece of arable land, about 20 acres in extent, which, it would appear from the District Magistrate's report forwarded to Government under the Commissioner's memorandum No. 305P., dated the 8th February 1901, has been taken over in an informal manner, and regarding which it is necessary now to decide whether it shall be given up or regularly acquired.

The questions raised by the Commissioner are fully discussed in paragraph 12 of this report dealing with the conservancy of the camp.

4. On receipt of the orders of Government permitting the pilgrimage for this season, the usual notice in English, Bengali and Urdu was circulated through the agency of the Police in the tracts from which pilgrimage was permitted. Copies were also sent to the several Muhammadan Associations. The notices mentioned the approximate date of sailing of the pilgrim steamers and the conditions as to segregation, &c., imposed on intending pilgrims. The fare from Chittagong to Jeddah, including diet, was at first fixed at Rs. 80 per head. This rate was adhered to for all the pilgrims who travelled by the first steamer. The fare was later reduced to Rs. 75, and was maintained at that figure till the close of the season.

The pilgrims were also required to deposit with the Superintendent the amount of the railway and steamer fare for the return journey from the port of debarkation to their homes.

A further charge of Rs. 3 per head for the fixed dues payable at Camaran and Jeddah was made on the pilgrims this year for the first time under Government order No. 3136$^{\text{Medl.}}_{\text{P.}}$, dated the 22nd December 1900. This money was handed over to the Agents of the Steamship Companies who arranged for its payment to the Turkish authorities through the masters of the pilgrim vessels.

Mr. K. B. Thomas, my Personal Assistant, was entrusted with the business of chartering steamers and of fixing the date of sailing in consultation with the

Superintendent of the Camp and the Steamer Agents. The steamers engaged in order of their sailing were the *Ashruf*, *Taher* and *Akbar* belonging to Haji Kasim Yusuf of Bombay, and the *Mohammadi* of the Bombay Persia Steam Navigation Company's fleet.

The sale of tickets and collection of the return journey fares and the fixed dues payable to the Turkish authorities was carried out by the Superintendent of the Camp.

5. A guard of 3 head-constables and 22 constables was deputed, as in former years, from surrounding districts for duty at the camp, in addition to the camp guard of 1 head constable and 4 constables sanctioned in Government order No. 274T.—P., dated the 23rd June 1899. With the extension of the camp to accommodate 1,500 pilgrims, the guard was strengthened by 2 head-constables and 15 constables drawn from other districts. As no extra force was entertained to replace the men so deputed, the policing of the camp did not involve any extra cost to Government on account of salary. The officers and men (all Muhammadans) were given free rations instead of batta, as was done in previous years.

6. The following ministerial and menial establishments were sanctioned by Government order No. 2706$\frac{\text{Medl.}}{\text{P.}}$, dated the 19th November 1900:—

			Rs.
1	Clerk on Rs. 60	per mensem	60
1	Godown muharrir on Rs. 40	ditto	40
1	Compounder on Rs. 11	ditto	11
1	Head sweeper on Rs. 12	ditto	12
10	Sweepers on Rs. 10	each per mensem ...	100
2	Sweeper women on Rs. 8	ditto ...	16
4	Cooks on Rs. 10	ditto ...	40
		Total ...	279

Owing to the enlargement of the camp, a second clerk, sanctioned in Government order No. 468$\frac{\text{Medl.}}{\text{P.}}$, dated the 20th February 1901, was engaged from the 24th January 1901 on Rs. 30 per mensem. His pay was reduced, however, from the 1st February to Rs. 15 per mensem. Under orders of Government, an Assistant Surgeon was deputed to have medical charge of the camp.

7. The camp opened on the 1st December 1900. The arrangements for diet, water-supply, lighting and conservancy were the same as in previous years. A full description has been given in previous reports and need not be repeated here. The women were, as in previous years, allotted separate buildings, with their own privies, bathing-platforms and drinking-water hydrants, the whole enclosed by a high fence to ensure privacy. It was necessary, in view of the increased number of pilgrims admitted towards the close of the season, to sink another well to supplement the supply from the two existing wells. The Deputy Sanitary Commissioner remarked in his inspection reports that the covers of the wells were defective, and that there was risk of contamination owing to the pilgrims using their own buckets, &c., to draw. The Executive Engineer, Dacca Division, will be asked to provide proper covers with padlocks before the next pilgrim season.

8. The supply of food was entrusted to a contractor selected by the District Superintendent of Police, Chittagong. His stores were inspected daily by the Assistant Surgeon.

The scale of rations was as follows:—

Bengalis per diem per head.	Chitaks.	Up-country men per diem per head.	Chitaks.
Rice ...	10½	Flour ...	12
Dâl ...	3*	Ghee ...	1
Vegetables ...	4	Vegetables ...	4
Mustard-oil ...	0¼	Meat ...	6
Salt ...	0⅝	Salt ...	0¾†
Condiments ..	0⅛	Condiments ...	0⅛
Onions ...	0½	Onions ...	0½
Meat ...	3 twice a week.		

* Reduced to 2½ chitaks from 12th December 1900.

† Reduced to ⅝ chitaks from 8th January 1901.

The food was cooked before issue. Luxuries, such as poultry, tobacco, tea, &c., were obtainable from the contractor at market rates.

9. The number of pilgrims despatched during the season was 2,270. Some 500 others were turned back to their homes owing to the loss of the S.S. *Kaisari*, in which they were to have sailed. No other steamer could be procured at the time.

In the preceding years the numbers despatched were as follows:—

1897-98—From Raniganj camp	...	...	708
1898-99—From Chittagong camp	...	...	1,416
1899-1900—From Chittagong camp	...	...	1,879

The progressive increase indicates that the objections, if any, which previously existed, to the restrictions imposed on the pilgrimage since 1897, when the system of camps was first started, are rapidly disappearing.

The date of sailing of the steamers and the usual information regarding age, sex and nationality of the pilgrims are given below in tabular form:—

Date of sailing.	Name of Steamer.	Infants.	Children under 12.	Under 45.		Over 45.		Total.
				Females.	Males.	Females.	Males.	
1	2	3	4	5	6	7	8	9

Details are given below regarding the number of pilgrims supplied by the differerent countries and provinces:—

10. (*a*) Of the 2,270 pilgrims despatched, two spent the period of 10 days' segregation in camps of other provinces, and were then sent to Chittagong by rail in reserved compartments which were previously disinfected. The others were detained in the Chittagong camp for not less than 10 days.

(*b*) The personal property and wearing apparel of the pilgrims were carefully disinfected before admission. All cotton stuffs were steeped in a solution of perchloride of mercury and then boiled in a Larymore boiler of the pattern used in the jails. Woollen clothing and articles liable to injury by boiling were placed in a hot air chamber and subjected to a temperature of over 230° Fahr. for 20 minutes

(*c*) The Deputy Sanitary Commissioner, who visited the camp on the 24th January, has pointed out the inadequacy of the disinfecting apparatus. If the

camp is to be maintained at Chittagong for another season, it will be necessary to provide another boiler and a large "equifex" disinfector for the coming season.

(*d*) On the date of sailing the pilgrims were, as usual, taken by special train from the camp to the riverside.

(*e*) The first three steamers were unable, on account of their draught, to enter the river, and the pilgrims had to be conveyed to the mouth of the river in local craft towed by a steam-tug or on a tender.

(*f*) The *Mohammadi* was able to come alongside the wharf at Chittagong, and the pilgrims went on board direct from the train.

11. (*a*) It was found this year that intending pilgrims from prohibited districts had gained admission to the camp by representing that they were residents of districts from which pilgrimage was permitted.

(*b*) This matter was brought to notice, and under orders of the Government of India, conveyed in your letter No. 3153 $\frac{\text{Med.}}{\text{P.}}$, dated the 28th December 1900, all such persons were turned out of the camp. I was directed also in that letter to report whether any means could be devised to prevent similar evasion of orders in future. The only way I see is that it should be laid down in the regulations for the next season that intending pilgrims shall, before starting for Chittagong, obtain a certificate of residence from the District Magistrate or Subdivisional Officer of the district or subdistrict in which they permanently reside, that the certificate shall bear the left thumb impression of the person to whom it is issued, and that without such certificate no person will be admitted to the camp, or be supplied with a railway ticket. It will be necessary at the same time to instruct officers empowered to issue certificates to ascertain from the Superintendent of the Camp that accommodation is available in the camp and to regulate the issue of certificates accordingly.

(*c*) The sale of railway tickets to Chittagong might also be restricted, in the case of intending pilgrims, to those who have received certificates from the District Magistrate. On this point, however, I should like to consult some of the chief Muhammadan gentlemen to see if this plan would be feasible. If desired, I will do so and report the result.

12. In your letter No. 521 $\frac{\text{Medl.}}{\text{P.}}$, dated the 28th February 1901, I was directed to discuss certain proposals put forward by the District Magistrate and the Commissioner of Chittagong for the management of the future camps with a view to lessen the risk of introducing plague or other infectious diseases into the town and district of Chittagong through the annual influx of pilgrims who, while awaiting admission into the camp, have been in the habit of living in the bazars of Chittagong town or, as happened during the last season, in temporary huts run up in the fields to the west of the camp and separated from it only by the strip of land enclosed within the railway fencing.

The proposals are—

(1) to open a temporary station at the camp at which all intending pilgrims shall detrain and to prohibit their entry into the town of Chittagong;

(2) to put up temporary accommodation for 600 pilgrims outside the camp proper, but under control of the Superintendent of the Camp and his conservancy staff, in order that pilgrims awaiting admission to the camp may be housed under proper sanitary conditions.

I am entirely in accord with the local officials in their first proposal. It appears from the correspondence that, during the past season, the Railway authorities arranged to detrain pilgrims at the camp. There should be no difficulty in making similar arrangements for the next season.

As regards the second proposal, *i.e.*, to construct an "observation camp," within which intending pilgrims, who after arrival cannot be accommodated in the main camp, are to be kept, I think that some such camp should be advisable if it is considered that we should safeguard Chittagong. The size would depend upon the extent to which we can regulate arrivals. As I believe it has been found impracticable to arrange dates beforehand for the departure of steamers, there will always be some people who will arrive within the ten days'

quarantine enforced before the departure of the steamer, and for these it would be well to have a camp. I do not know the area of land at present occupied by our camp, though I have a map of it, and I therefore do not know how many people can be accommodated there. The camp has recently been almost, if not quite, entirely destroyed by fire, and, in view of the sanitary defects disclosed in the Sanitary Commissioner's note, it would be advisable to take the opportunity afforded by its destruction to lay it out on sanitary principles. I would suggest that, as the matter is by no means urgent, this part of the whole question and the question of construction of an observation camp might stand over until the rains, when I could visit the place and discuss matters with the local authorities and the Sanitary Commissioner, if necessary.

13. The Assistant Surgeon examined all pilgrims before admitting them into the camp. There was no death among the pilgrims in the camp, though in January there were five deaths from cholera amongst intending pilgrims awaiting admission to the camp. The huts, in which these cases occurred, were immediately burnt down, and no further cases occurred. Towards the end of January there was an outbreak among the coolies working in the camp erecting new barracks. Timely precautions were taken, and the disease did not spread to the pilgrims.

About the same time, a case of small-pox occurred among the pilgrims. The patient was at once removed to the segregation hut, from where he was removed by his friends.

The general health of the pilgrims was good except for a few cases of fever.

14. The camp was closed on the 17th February when the last batch of pilgrims embarked. The police guards from the neighbouring districts were sent back, and the staff of sweepers and cooks was discharged on the following day. The property of the camp was, as usual, made over to the Collector of Chittagong for safe custody.

15. I have much pleasure in acknowledging the despatch with which the Executive Engineer, Dacca Division, and his subordinates carried out the work of repairs to, and extension of, the camp.

Messrs. R. B. Hyde, T. C. Simpson and F. R. Ezechiel, Assistant District Superintendents of Police, held charge of the Camp at different times. These officers seem to have worked satisfactorily. Each received an allowance of Rs. 100 a month as sanctioned by Government during the period he remained in charge.

16. A statement of expenditure incurred on the camp will be submitted to Government later on, in a complete form, after verification by the Accountant-General. At present I am in communication with all officers concerned, who have had to deal with expenditure in connection with the camp, with a view to incorporating their accounts in those of the Superintendent, for transmission to Government.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 11th May 1901.—Babu Purna Chandra Chakravarti, Head Clerk, Civil Engineering College, Sibpur (Class IV), is allowed leave of absence for three months, under Article 291 of the Civil Service Regulations, with effect from the 1st April 1901.

The following arrangement is sanctioned for the performance of the absentee's duties:—

Mr. L. M. Martyr, Seventh Assistant, Office of the Director of Public Instruction (Class IV), to act as Head Clerk, Civil Engineering College, Sibpur, *vice* Babu Purna Chandra Chakravarti, or until further orders.

The 13th May 1901.—Babu Gobinda Chandra Datta, Sub-Inspector of Schools, Faridpur (Class V), is appointed, subject to the consent of the District Board of Faridpur, to act as Additional Deputy Inspector of Schools, Faridpur, during the absence, on deputation, of Maulvi Kabiruddin Ahmed, or until further orders.

This cancels the orders of the 3rd May 1901, appointing Maulvi A. S. H. Hossain, B.A., Fourth Master in the Anglo-Persian Department of the Calcutta Madrasah, under orders of transfer to Burdwan (substantive *pro tempore* in Class IV), to act as Additional Deputy Inspector of Schools, Faridpur, *vice* Maulvi Kabiruddin Ahmed, on deputation.

The 13th May 1901.—The following arrangements are sanctioned in the office of the Director of Public Instruction, with effect from the 26th April 1901, consequent on the deputation of Mr. L. M. Martyr, Seventh Assistant in that office (class IV), to the Civil Engineering College:—

Mr. E. A. Elloy, Fifteenth Assistant, to act in class VIII.

The 18th May 1901.—The orders of the 3rd May 1901, appointing Babu Prakas Chandra Ray, B.A., to act as Third Master of the Pabna Zilla School, and in class VIII, *vice* Babu Purna Chandra Gupta, are cancelled.

A. PEDLER,
Director of Public Instruction, Bengal.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 1st and 2nd July 1901, at 10-30 A.M.:—

SUBJECTS.			Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)		...	100	50
Dictation (spelling, punctuation, etc.)		...	100	50
Arithmetic (the whole)	...	...	240	160
Mensuration (*a*) the whole	...	...	60	30
Book-keeping (*b*) mercantile	...	...	100	50
	Total	...	600	...

Minimum required in all papers collectively, 400.

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied dy a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement

showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the college or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination apers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the fourth grade of Accountants, Public Works Department.

J. S. SLATER,
Principal, Civil Engineering College.

Government Estate No. 1.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 20th June 1901, corresponding with 6th *Ashar* 1308 after 12 o'clock.

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th—If the amount of purchase-money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Muzaffarpur, will be put up to sale at the Muzaffarpur Collectorate on the 27th June 1901, corresponding with 25th Asadh 1308 F.S.

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him free of revenue demand.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

CHINA—AMOY, INNER HARBOUR.

Pier lights.

THE British Admiralty has given notice (No. 260 of 1901) that a small pier has been built on the eastern side of Amoy Inner harbour for the use of steamers discharging oil.

It is situated about one cable to the southward of the outer end of Stonecutters jetty; and from the outer end of the pier Semaphore station bears S 87° W., and Chiotah beacon N. 54° W. There is a dolphin on either side from each of which a *red* light is shown.

Approximate position, lat. 24° 27′ N., long. 118° 4½′ E.

This Notice affects the following Admiralty Chart:—Amoy Inner harbour, No. 1764: Also, List of Lights, part VI, 1901, page 120; and China Sea Directory, vol. III, page 179.

Honolulu harbour—Occasional lights on buoys.

THE British Admiralty has given notice (No. 263 of 1901) that the following lights will be exhibited on the buoys, when large steamers require to enter or leave Honolulu harbour:—

(*a*) A *white* light on one or on each of the red conical buoys, Nos. 2, 3, 4, and 5, marking the starboard side of the channel.

(*b*) One *red* light or two *red* lights close together on the outer buoy (white can), marking the port side of the channel, and a *green* light on the 6th or 7th pile.

The Pilots may sometimes place a *red* light on No. 5 red buoy, in which case no other light will be shown.

Approximate position, No. 5 buoy, lat. 21° 17′ N., long. 157° 52′ W.

Colombo harbour Pilot signals—Amended.

WITH reference to Notice to Mariners No. 33, dated 6th February 1900, issued by this office, the British Admiralty has given further notice (No. 234 of 1901) that the signification of one of the signals made from the Pilot-station tower in answer to vessels' signals for a

pilot at night time, viz., a white flashing light for a period of about two minutes, indicates that a vessel should anchor well out or keep under way until daylight, and not that bad weather prevents pilot from coming out, as stated in the above notice.

Approximate position, lat. 6° 56′ N., long. 79° 50′ E.

This Notice affects the following Admiralty Charts:—Ceylon, No. 813; Colombo harbour No. 914; also Bay of Bengal, 1892, page 46, and West Coast of Hindustan, 1898, page 95.

Four of the seats will be vacated in the course of the year, and in accordance with practice, instructions are now issued prescribing the procedure to be followed for the selection of the gentlemen who are to be recommended to the Lieutenant-Governor for nomination to three of these vacancies. With reference to Home Department Notification No. 2781 (Public), dated the 29th November 1899, the vacancy which will occur on the 30th July 1901, *vice* the Hon'ble Babu Surendranath Banerjee, will be taken away from Municipalities; and such Association or Associations of landholders as the Lieutenant-Governor may prescribe under Rule II, clause D of the Notification, will be requested to recommend a candidate.

2. The Corporation of Calcutta and the Senate of the Calcutta University have been invited to submit the names of the gentlemen whom they respectively recommend for the Council. The selection will be made in accordance with the same procedure as on the four last occasions.

3. According to the rotation sketched in paragraph 5 of the Resolution of this Government, dated the 25th March 1893, it will be the turn of the District Boards of the Patna Division to recommend a person for nomination to the Council in order to fill the vacancy, *vice* the Hon'ble Babu Boikanta Nath Sen. The necessary notification will, therefore, now be published in the *Calcutta Gazette* specifying the District Boards from which a recommendation will be made to the Lieutenant-Governor for nomination to the seat. Each District Board will elect one representative only, and he will be entitled to exercise all the votes of the body which he represents.

4. The following statement shows the District Boards which will send delegates to vote for a person to be recommended for the vacant seat, and the number of votes assigned to them according to the scale shown in paragraph 5 of the Resolution of this Government, No. 2307A., dated the 31st March 1897. The ordinary income taken is that for 1899-1900 :—

5. Under Rule IV of the Regulations framed by the Governor-General in Council with the sanction of the Secretary of State under section 1 (4) of the Indian Councils Act, 1892, for Bengal, the Lieutenant-Governor now desires that the Commissioner of the Patna Division will at once address the Chairmen of the District Boards enumerated in the above list, requesting them to convene a special meeting of their Board at which one member of the Board may be selected to represent them for the purpose of making the recommendation for the seat in Council. The name of the representative so selected must be reported at once by the Chairman to the Commissioner of the Division.

6. The period of three months laid down in Rule VII of the Regulations as that within which a recommendation shall be made to the Lieutenant-Governor will run from the date on which the Commissioner of the Division issues his request to the Chairmen of the District Boards.

7. As soon as the representatives have been selected, they will be called upon by the Commissioner of the Division to meet together on an early and convenient date, with special reference to the limit of time imposed under Rule VII of the Regulations, and at such convenient place as he may specify, for the purpose of electing, by a majority of votes, a person whom they will recommend to the Lieutenant-Governor to be nominated as a member of the Council. The names of all candidates put forward at such meeting shall be duly proposed by one of the representatives present. The election shall be by ballot, and the person elected must obtain a majority of the votes of the representatives present. If on the occasion of the first ballot an absolute majority is not obtained, the candidate who obtains the least number of votes shall be withdrawn from the election, and another ballot shall then be held for the remaining candidates, and so on, until an absolute majority is obtained. In the event of a tie occurring at any stage, candidates shall draw lots.

8. The electoral representatives present at this meeting shall elect one of themselves to be Chairman, and he shall preside and be responsible for the fair and proper exercise of the ballot vote.

9. The Chairman of the meeting shall without delay report to the Commissioner of the Division the name of the person elected, with the number of votes obtained, and any other information which it may appear desirable to communicate, and on behalf of the meeting shall recommend to the Lieutenant-Governor to nominate for the Council the person so elected. The Commissioner shall submit the report from the Chairman of the meeting, with any observations he may wish to add, to the Chief Secretary to Government, by whom the recommendation will be submitted to the Lieutenant-Governor.

10. Attention is drawn to the following Rule VI of the Regulations which have been framed by the Governor-General in Council and Secretary of State:—

VI.—It shall be a condition in the case of any person to be recommended by a Municipal Corporation, or group of Municipal Corporations, that he shall be a person ordinarily resident within the Municipality or the district in which it is situated, or in some one of the municipalities constituting the group or of the districts in which they are situated. A similar condition shall also apply to persons to be recommended by District Boards.

Under this rule it is not necessary that persons recommended shall be members of any District Board concerned, but they must be ordinarily resident within the Division from which the recommendation is made. Subject to this condition, the rules declare no limit of qualification, and it is left to the representatives to recommend a person under Rule V (*c*) according to the majority of their votes.

11. It is desirable that the subsidiary arrangements now sanctioned shall, as far as possible, be given effect to by the District Boards concerned with the minimum of official interference. The Divisional Commissioner and the District Magistrates will, of course, afford any assistance which may be required, and will do their utmost to facilitate the smooth working of the elections: but Government officers are forbidden to take part, directly or indirectly, in the

election by canvassing, influencing votes, or otherwise interfering with the free choice of the District Boards. No indication should be given by any official member of any of the District Boards concerned as to the manner in which he himself intends to vote.

ORDERED that a copy of this Resolution be furnished to the Commissioner of the Patna Division for information and guidance and for communication to the District Boards in his Division.

Ordered also that a copy be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,

Offg Chief Secretary to the Govt. of Bengal.

FINAL REPORT ON THE OILSEED CROPS OF BENGAL, 1900-1901.

THE following is published for general information.

F. A. SLACKE,
Secy. to the Govt. of Bengal.

The 20th May 1901.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final Report on the Oilseed Crops of Bengal, 1900-1901.

Explanatory.—This forecast furnishes the final estimates of the area and outturn of all the various kinds of oilseeds (*rabi* and *bhadoi*) grown in these Provinces.

Character of the season.—The monsoon rains were fitful and irregular during the past year. In September the fall was general and heavy, while in several districts of Lower Bengal it was altogether abnormal. There was very little rain in the two following months, and in December also the fall was in defect everywhere, excepting Orissa and parts of Bihar. The rainfall in January and February was very much in excess of the normal in most parts of the Province, but was deficient in North and East Bengal. In March the fall has been deficient all over the Province. On the whole, the season has been decidedly unfavourable to the oilseed crops generally, which have suffered from an excess of rain in many districts and from a comparative drought in others.

Area sown.—The normal area under the several oilseed crops is estimated as 4,022,600 acres, out of which 3,805,700 acres are reported to have been sown this year. This apparent contraction in the area is due chiefly to local variations, which have been insufficiently explained, and only in a small measure to the unfavourable nature of the season. Last year, only 3,638,400 acres were cultivated with oilseed crops in this Province.

Character of the crop.—From the abstract of the district returns given in Appendix I, it will be seen that out of the 45 districts in the Province, only one (Saran, 120 per cent.) reports a crop above the normal, and that three districts only (Birbhum, Darjeeling, and Champaran) estimate a normal crop. In 9 districts (Rajshahi, Dinajpur, Backergunge, Bhagalpur, Purnea, Malda, Cuttack, Ranchi, and Manbhum)

the estimate varies between 90 and 99 per cent., in 6 (Khulna, Dacca, Tippera, Patna, Darbhanga, and Puri) between 80 and 89 per cent, and in 9 others, it varies between 70 and 79 per cent. of a normal crop. The outturn in the remaining 17 districts falls below 70 per cent. The outturn for the Province as a whole, according to the district returns, amounts to 76 per cent. only. In the first forecast, I anticipated that 90 per cent. of a normal crop would eventually be harvested, but the crop has suffered from bad weather since then, and although the district returns are probably too low, the above estimate must be reduced by 10 per cent. I accordingly estimate the outturn of oilseeds for the Province, as a whole, at 80 per cent. of a normal crop.

Gross outturn.—Taking, as in former years, 6 maunds per acre to be the normal rate of outturn for linseed, rape and mustard, and 4½ maunds per acre for other oilseeds, the gross outturn of all the oilseed crops of these Provinces during 1900-1901 amounts to 575,600 tons against 617,900 tons produced in 1899-1900.

FINAL REPORT ON THE WHEAT CROP OF BENGAL, 1900-1901.

THE following is published for general information.

REV. DEPT.; F. A. SLACKE,

The 17th May, 1901. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final Report on the Wheat Crop of Bengal, 1900-1901.

1. *Explanatory.*—This report furnishes the final estimates of the area and outturn of the wheat crop of the past season in these Provinces.

Under the standing orders of Government a summary of the reports on the principal harvests of the year is included in this report and an abstract statement, containing the district reports regarding the fluctuations in the prices of food-grains during the year and the present condition of food-stocks in each district, is also appended to it.

2. *Character of the season.*—The rainfall of the year has been in many respects abnormal, and has proved very unfavourable to the wheat crop. In the monsoon period the fall was capricious and badly distributed. In September it was heavy and general, and in the Burdwan, Presidency, and Orissa Divisions greatly exceeded the normal. The fall in October was very much in defect all over the Province, except in Orissa, while in November there was practically no rain anywhere. In December also the fall was in defect everywhere, except in Orissa and in parts of Bihar and South-West Bengal. The rainfall in January and February was very much in excess of the normal, except in North and East Bengal, and was especially heavy in the Chota Nagpur Division. The fall in March was below the average. The excess of rain in February caused serious damage to the wheat crop which was then ripe, and the crop in Bihar, which had promised well, gave but a poor outturn.

3. *Area sown.*—Since the issue of the first forecast of this crop, several District Officers have revised their figures of normal area, and the total normal area under wheat in this Province now stands at 1,567,300 acres. The estimated area actually sown this year has also been

revised in some cases, but is still some 36,800 acres above the normal. Last year only 1,550,300 acres were sown with this crop. The extension of cultivation is scarcely more than normal, and is practically confined to the districts of Murshidabad, Patna, and Malda, where some rice lands in which the winter rice crop had failed were sown with wheat.

4. *Outturn.*—Since the publication of the preliminary forecast, the crop has improved in only three districts, while it has deteriorated in as many as twenty-three districts, the deterioration in the Patna Division due to unfavourable weather in February last being especially marked. From the annexed abstract of the final district returns, it will be seen that only one district (Malda 110 per cent.) now reports a crop above the normal, while four districts (Birbhum, Darjeeling, Champaran, and Angul) return a normal crop, and six (Midnapore, Rajshahi, Pabna, Saran, Bhagalpur, and the Sonthal Parganas) estimate a crop between 91 and 99 per cent. In five of the remaining districts the crop is estimated at between 81 and 90 per cent, and in eight others it is estimated at between 70 and 80 per cent, while the outturn in the remaining twelve falls below 70 per cent. of a normal crop. In the first forecast of this crop, which was based on its prospects as they stood at the end of January, it was anticipated that the January rain would, on the whole, prove beneficial to it, if followed, as might reasonably have been expected, by fine and sunny weather in February. Rain and cloud, however, continued, with the disastrous results which have been noted above. Although the damage has probably been overestimated in some districts, it has undoubtedly been great, and I now estimate the actual outturn of the crop at 85 per cent. only, as compared with an estimate of 105 per cent. in the first forecast.

The gross outturn of the wheat crop may be roughly estimated as 507,000 tons as compared with an outturn of 572,700 tons in 1899-1900.

5. *Summary of harvests.*—The following is a summary of the harvests of the year 1900-1901.

Bhadoi or Autumn crops.—The season was generally unfavourable to these crops, although less so than in the previous year. There was a smaller area than usual placed under them, the area under the *bhadoi* food-crops amounting to 12,704,300 acres only, as compared with a normal area of 13,744,400. The outturn of these food-crops was about 90 per cent. of the normal, while the jute crop was about normal and other non-food *bhadoi* crops gave an outturn of about 85 per cent.

Winter rice.—Owing to the capricious and unevenly distributed rainfall of the year, and to the serious flood

occasioned by the September rains in the Burdwan. Presidency, and Orissa Divisions, the winter rice crop of the Province was but a poor one. The area cultivated with this crop was estimated at 28,949,900 acres, against 31,239,300 acres in 1899, and the outturn was finally estimated at 88 per cent. of a normal crop.

Rabi crops.—The season has been generally unfavourable to the growth and ripening of the *rabi* crops. The area cultivated with them was below the normal, the area under *rabi* food-crops amounting to 9,338,300 acres as against a normal area of 9,456,600 acres. The outturn of these crops averaged about 85 per cent. in the past year as compared with an outturn of something over 90 per cent. in 1899-1900.

6. *Food-stocks and the prices of food-grains.*—The unprecedentedly heavy export of rice to the famine districts of Central and Western India during the past year has had some effect on the food-stocks of the Province, and has caused prices to rule higher than usual in almost every district, while the produce of the year's supply of food-grains has been generally below the average. The stocks in hand are said to be small in some districts, especially in parts of Chota Nagpur, and plentiful in others. They are probably, on the whole, sufficient.

7. *Exports of wheat to Calcutta.*—From the trade statistics quoted in the margin, it will be seen that there has been some falling off in the imports of wheat into Calcutta in the past year. This is probably due more to the direct export of wheat to North-Western India than to any other cause.

Imports of wheat into Calcutta from the calendar year 1891 to 1900.

STATEMENT I.

Final Report on the Wheat Crop of Bengal, 1900-1901.

DIVISION.	District.	Total area of district.	Total area estimated to be under cultivation.	Approximate normal area under wheat.	Approximate area under wheat last year (1899-1900).	Estimated area under wheat this year (1900-1901).	Taking 100 to represent the normal outturn, how much represented the outturn last year (1899-1900)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1900-1901)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.

Burdwan ...	Burdwan ...	1,725,080	1,284,200	1,500	1,300	1,300	91	85	For want of rain at the sowing time the normal area under wheat crops could not be wholly cultivated, and the outturn is expected to be below the normal.	
	Birbhum ...	1,121,920	900,000	5,000	5,000	5,000	75	100	.....	
	Bankura ...	1,677,430	642,800	5,500	5,500	5,500	88	75	The decrease in the estimated outturn is due to the cloudy and rainy weather during the cold season.	
	Midnapore ...	3,292,800	2,190,600	2,100	2,800	2,700	95	94	The area brought under cultivation this year is greater than the normal area owing to the moisture in the land caused by the excessive rain in September last. The outturn has been slightly below the normal.	
	Hooghly ...	1,067,360	702,300	100	100	40	65	50	Excessive rain in the latter part of December and January has told unfavourably on the outturn of the wheat.	
Presidency ...	24-Parganas ...	3,694,736	1,102,600	300	300	200	100	80	On account of want of rain in October last a smaller area was put under this crop this year than in the previous year. The average outturn is smaller for the same reason.	
	Nadia ...	1,788,160	1,303,600	25,000	31,500	19,700	80	46	The decrease in the area and outturn is due to the want of seasonable rainfall.	
	Murshidabad	1,373,440	985,500	130,000	144,500	144,100	88	60	The marked decrease in the estimated outturn is due to the foul weather for some days in February last which did considerable damage to the crop.

	Rangpur ...	2,231,040	1,602,700	50,000	42,100	32,500	98	69	The short outturn is due to want of seasonable rain.	
	Pabna ...	1,176,960	882,500	16,000	16,000	16,000	90	95	The decrease in the estimated outturn is due to want of seasonable rain.	
Dacca	Mymensingh	4,052,480	2,405,700	8,000	8,000	6,000	75	60	Owing to insufficient rain the outturn is below normal.	
	Faridpur ...	1,460,480	1,007,500	2,600	2,000	1,800	100	60	The decrease in area and deficiency in outturn are due to insufficient flood and want of timely rain during the season of growth.	
Patna	Patna	1,332,560	993,500	116,000	108,200	146,000	84	75	The crops were injured by clouds and untimely rain.	The heavy rain of January and February last has caused a reduction in the estimates from most of the districts of the Patna Division.
	Gaya	3,015,680	2,207,500	157,600	143,200	146,700	87	50	The excessive rains in January and February 1901 did much damage to the crop.	
	Shahabad ...	2,795,520	1,841,800	122,000	109,000	126,000	54	43	The decrease in the outturn is due to the heavy rainfall during the first three months of the present year.	
	Saran	1,696,087	1,382,500	120,000	130,000	134,200	100	95	The rain in the latter part of January and February injured the crop which at first promised to be a bumper one.	
	Champaran ...	2,079,815	1,447,700	105,800	118,000	105,300	110	100	The figures in columns 3, 4 and 5 have been revised according to the final report on the survey and settlement operations in this district.	
	Muzaffarpur...	1,961,254	1,555,300	69,700	62,700	69,700	95	75	Short outturn is due to cloudy weather and consequent rust.	
	Darbhanga ...	2,134,460	1,820,700	110,280	109,600	109,700	105	89	The difference between column 9 of this and the first forecast is due to the fact that the crop was somewhat damaged by rain which fell in the end of January and beginning of February 1901.	

Bhagalpur ...	Monghyr ...	2,509,440	1,582,800	100,000	103,000	103,000	96	72	The outturn is poor owing to continued rains in January and February 1901.
	Bhagalpur ...	2,704,640	2,097,000	203,200	198,200	198,200	104	94	.....
	Purnea ...	3,196,520	1,639,800	24,000	20,900	20,900	100	85	The decrease in the outturn is due to unfavourable weather in January last.

Orissa ...	Cuttack ...	2,323,200	1,161,300	1,500	2,100	2,100	75	75	Owing to want of sufficient rain, there has been a reduction in the normal outturn.
	Balasore ...	1,334,368	857,800	600	200	200	76	75	The figures shown in columns 3 and 4 have been revised.
	Angul ...	1,075,840	260,000	100	100	100	37	100	The rainfall in January benefited the growing crop.
Chota Nagpur	Hazaribagh ...	4,493,440	2,478,500	8,100	6,500	10,800	53	58	The wheat crop at first promised a normal outturn, but the fall of rain and hail just before the harvest time considerably injured the prospects, reducing the average outturn to 58.
	Ranchi ...	4,569,600	2,888,300	1,200	200	1,200	10	60	The decrease in the outturn is due to unseasonable rainfall.
	Palamau ...	3,139,200	768,000	14,700	3,400	10,000	90	50	The decrease in the outturn is due to excessive and unseasonable rainfall during the cold weather.

STATEMENT III.

Abstract of the information regarding the prices of food-grains and general condition of food-stocks in the Province for 1900-1901 as furnished by District Officers.

DISTRICT.	Whether the produce of the year's supply of food-grains has been much above or below the average?	Whether the food-stocks of former harvests are plentiful or not?	Whether the prices of food-grains generally have ruled higher or lower than usual?	What have been the causes of increase or decrease of exports of wheat, and how far has the movement been influenced by a scarcity or otherwise of food-grains?	REMARKS.
1	2	3	4	5	6
Burdwan ...	In the Sadar and Raniganj subdivisions much below the average, and in the Kalna and Katwa subdivisions a little below the average.	Plentiful in the Kalna and Katwa subdivisions, and in the Sadar and Raniganj subdivisions, small.	Ruled higher than usual ...	Very little wheat is grown in this district and that is consumed locally.	
Birbhum ...	A little above the average ...	Sufficient	Ditto ditto ...	Very little wheat is produced in this district.	
Bankura ...	Much below the average ..	Not plentiful	Ditto ditto ...	Wheat is not exported from this district as the cultivation of the crop is very limited.	
Midnapore ..	Below the normal in all subdivisions except in the Sadar, where it was normal.	Plentiful in the Sadar subdivision and short in others.	Ditto ditto ...	Wheat is not grown to an appreciable extent in the district.	
Hooghly ...	Much below the average ..	Not plentiful	Ditto ditto ...	There is no export of wheat.	
Howrah ...	Ditto ...	Ditto	Ditto ditto ...	...	
24-Parganas ...	Ditto	Very small	Ruled much higher than usual	Wheat is grown to a small extent only in the subdivision of Baraset, and it is not exported.	
Nadia ...	Below the average	Plentiful	Higher than usual ...	There has been a larger export of wheat than usual owing to the scarcity in the Bombay Presidency and Central Provinces.	
Murshidabad ..	On the whole there has been a fair average yield of food-grain sufficient for the district and for export.	The food-stocks of former harvests are exhausted, but those of 1900-1901 are still amply sufficient.	Ditto ditto ...	There has been a considerable increase in the export of wheat owing to the scarcity in the Central and North-Western Provinces.	
Jessore ..	A little below the average ...	Not plentiful	Ditto ditto ...	There is no export of wheat.	

DISTRICT.	Whether the produce of the year's supply of food-grains has been much above or below the average?	Whether the food-stocks of former harvests are plentiful or not?	Whether the prices of food-grains generally have ruled higher or lower than usual?	What have been the causes of increase or decrease of exports of wheat, and how far has the movement been influenced by a scarcity or otherwise of food-grains?	REMARKS.
1	2	3	4	5	6
Khulna	In the Sadar and Bazerhat subdivisions quite the average and in the Satkhira subdivision much below the average.	Not plentiful, except in the Bagerhat subdivision.	Ruled higher than usual ...	.....	
Rajshahi	Slightly below the average ...	Not plentiful	The prices of food-grains, especially rice, have ruled slightly higher than usual.	Wheat does not appear to have been exported from this district.	
Dinajpur	Below the average	Plentiful	Ruled higher than usual ...	.....	
Jalpaiguri ...	Much below the average ...	Not plentiful	Ditto ditto ...	Very little or no wheat is exported from this district.	
Darjeeling ...	Average in the Sadar and below the average in the Terai and Kurseong.	Plentiful in Kurseong subdivision, and sufficient for local consumption in the Sadar subdivision, but not plentiful in the Terai.	Ruled higher than usual in Terai, but in the Sadar and Kurseong they have maintained a uniformity.	Wheat is not exported from the district.	
Rangpur ...	Below the average	Plentiful	Higher than usual	Wheat is not exported from the district to any appreciable extent.	
Bogra	The produce of the year's supply of food-grains was below the average.	The food-stocks of former harvests appear to be sufficient in respect of only about half the area of the district.	The prices of food-grains have, on the whole, ruled higher than usual.	.....	
Pabna	Below the average	Not plentiful	Ruled considerably higher than usual.	Wheat is not grown here so extensively as to be an article of export.	
Dacca	Ditto	Ditto	Higher than usual	.....	
Mymensingh ...	Ditto	Ditto	Ditto	Wheat is not exported from the district.	
Faridpur	Ditto	Ditto	Ditto	Wheat is not extensively cultivated in the district. Hence there is no export of this crop.	

Backergunge ...	The produce of the year's supply of food-grains was a little over the average.	Plentiful	Ditto	.....
Tippera	Below the average in the Sadar and Brahmanbaria subdivisions, while in Chandpur it was a little above the average.	Not plentiful	Ditto	.....
Noakhali ...	A little below the average ...	Fairly plentiful	Ditto	.....
Chittagong ...	Below the average	Not plentiful	Ditto	.....
Patna	Ditto	Ditto	Ditto	There has been some slight decrease in the export of wheat owing to plague.
Gaya	Ditto	A little below plentiful ...	The prices of food-grains generally have ruled higher this year.	The export of wheat was greater, but not very brisk owing to shorter outturn this year.
Shahabad	Ditto	These food-stocks were plentiful but are being exported.	Higher than usual ...	It is believed that a large quantity of wheat has been exported up-country owing to the scarcity there.
Saran	*Bhadoi* and *rabi* crops above the average and winter rice below the average.	Fairly plentiful	Higher than normal	Very little wheat is exported from Saran at any time and there appeared to be no increase in the past year.
Champaran ...	Above the average	Plentiful	Ruled slightly higher than usual.	A slight increase in the Sadar and a decrease in Bettiah, due probably to local circumstances.
Muzaffarpur ...	Below the average	Ditto	Higher than usual	Wheat is not exported from this district.
Darbhanga ...	The *rabi* crops were below the average and also the *bhadoi* rice. Other *bhadoi* crops and winter rice were well up to the average.	Ample in the northern subdivision, but not more than sufficient in the Sadar and Samastipur subdivisions.	About the same as in the previous year.	Wheat is an unimportant crop in this district and the export is at no time large.
Monghyr ...	Below the average	Plentiful	Did not rule much higher than in the preceding year.	There has been no marked decrease or increase in the export of wheat during the year.
Bhagalpur ...	The produce of the year's supply of food grains has not been above the average with the exception of wheat, barley, and jaurra.	Not plentiful	Higher than usual	There is practically no wheat exported.
Purnea ...	Below the average	Plentiful	Ditto	The small quantity of wheat cultivated in this district is generally used for home consumption.

District.	Whether the produce of the year's supply of food-grains has been much above or below the average?	Whether the food-stocks of former harvests are plentiful or not?	Whether the prices of food-grains generally have ruled higher or lower than usual?	What have been the causes of increase or decrease of exports of wheat, and how far has the movement been influenced by a scarcity or otherwise of food-grains?	Remarks.
1	2	3	4	5	6
Malda ...	Average except in the case of winter rice which was a little below the average.	Plentiful	A little higher than usual ...	There was no appreciable increase or decrease in the export of wheat during the year under report.	
Sonthal Parganas	Average	Sufficient	Generally ruled high in Deoghur, Jamtara, Pakaur and Rajmahal, and low in Godda.	There was an increase in the export of wheat from the Rajmahal and Godda subdivisions.	
Cuttack ...	Below the average	Not plentiful	Generally ruled higher than usual.	Wheat is not largely grown in this district, and there is very little export of it.	
Balasore ...	Considerably below the average ...	Plentiful	Ditto ...	Wheat is grown in a very small area and is not exported from this district.	
Angul ...	Almost up to the average	Not plentiful	Ruled lower than last year ...	Very little wheat is produced in the district, and that is consumed locally and not exported.	
Puri ...	Much above the average in all parts of the district except in the flooded tracts.	Ditto	Ruled higher than usual ...	.....	
Hazaribagh ...	Little above the average ...	Almost nil	The prices of food-grains ruled very high at the beginning of the year under review, then fell to normal, but are now again rising above the normal.	Wheat is not exported from this district.	
Ranchi ...	About the average	Ditto	About 30 per cent. higher owing to the scarcity of last year.	No trade in wheat in this district.	
Palamau ...	Below the average	Not plentiful	Ruled higher than usual ...	Wheat is not exported from this district.	
Manbhum ...	Average	Plentiful	Slightly higher than usual ...	Wheat is not grown largely enough to admit of export.	
Singhbhum ...	A little above the average ...	Not plentiful	Normal. In the beginning of the year they were very high owing to scarcity.	Wheat is not exported from this district.

RECEIPTS.

2. PART I.—*Jetties.*—The receipts from the jetty charges are estimated at Rs. 40,000 less than those of the preceding year. The estimate has been based on actuals. The receipts from the Petroleum Wharf show an increase of Rs. 10,000.

3. PART II.—*Inland Vessels Wharves.*—The estimate, which is based on actuals, shows an increase of Rs. 14,500 over that of the previous year.

4. PART III.—*Strand Bank Lands.*—The receipts show a falling off of Rs. 10,794 as compared with those of the year before. This amount represents the expected decrease in the rent of the Riverside Press, which the present occupants are unable to pay and for which a new tenant will have to be found.

5. PART IV—*Port or Harbour Master's Department.*—An increase of Rs. 30,460 over that of the past year is expected, the estimate being based on actuals.

6. PART VI.—*Railway.*—An increase of Rs. 75,000 over those of the previous year is anticipated in the earnings from the railway. The estimate for the Shalimar Branch is the same as that for the last year.

7. PART VII.—*Port Approaches.*—The estimate shows an increase of Rs. 39,780 over that of the previous year, and is based on actuals.

8. PART VIII.—*Kidderpore Docks.*—The following statement shows the receipts under this head:—

	Rs.
Receipts from graving dock	2,55,000
Landing charges on imports	19,000
Shipping charges on exports	19,40,000
Terminal charges	2,85,000
Hire wagons	90,000
Rent and miscellaneous	49,000
Proportion of receipts from towing vessels by Hopper barges	1,500
Total ...	26,39,500

The receipts show an increase of Rs. 8,12,000 as compared with those of the previous year. An increase of a lakh of rupees is expected from the receipts of the Graving Dock, the estimate being based on actuals. The estimated receipts from exports show an increase of Rs. 5,10,000, while a larger income is also anticipated from the terminal charges, the hire of wagons, and miscellaneous charges. In all those cases the estimates have been based on actuals, with a fair addition for growth of business.

The receipts from imports show a falling off of Rs. 11,000. As there has been a steady decrease in the revenue from this source, the estimate for 1901-1902 has been reduced.

9. *Special Tolls.*—The receipts from special toll are estimated at Rs. 9,75,000. The estimate has been based on actuals.

EXPENDITURE.

10. PART I.—*Jetties.*—A reduction of Rs. 13,832 is shown in the estimate of expenditure for the year under review, as against the estimate of the previous year. The estimate of expenditure on repairs, which showed a large increase in 1900-1901, has been reduced, and a reduced estimate has also been made for the "Working Expenses."

11. PART II.—*Inland Vessels Wharves.*—The expenditure shows an increase of Rs. 56,594 over that of the previous year. An increased provision of Rs. 39,500 has been made for "Renewals and Improvements" which are considered necessary. The interest and sinking fund charges also show an increase of Rs. 20,632. The increase under this item represents the proportion of interest and sinking fund charges, chargeable to this part, for the debenture loan of 23½ lakhs, to be raised during 1901-1902. The remark applies also to the increased provision for these charges in other parts of the estimates.

12. PART III.—*Strand Bank Lands.*—The estimate of expenditure shows a small increase of Rs. 460 over that of the previous year. This increase is due mainly to a larger estimate for the proportion of interest and sinking fund charges.

13. PART IV.—*Port or Harbour Master's Department.*—The expenditure is less than that of the year before by Rs. 23,323. The estimate for "working expenses" has been reduced by Rs. 20,000. There have been small reductions under other items, while there has been an increased provision of Rs 5,493 to meet the expenditure on the salaries of the Deputy Harbour Master, and three probationary Assistant Harbour Masters, which have been raised.

14. PART VI.—*Railway.*—The expenditure shows an increase of Rs. 28,846. This is due mainly to an increase in the proportion of interest and sinking fund charges, which amounts to Rs. 26,889.

15. PART VII.—*Port Approaches.*—There is a decrease of Rs. 27,147 in the estimate of expenditure. A reduction of Rs. 28,500 is shown in the estimate of repairs, while there is an increase of Rs. 1,210 in the proportion of municipal taxes and repairs to Dockyards, and of Rs. 600 in working expenses.

16 PART VIII.—*Kidderpore Docks.*—The expenditure shows an increase of Rs. 2,69,316 over that of the previous year. There is an increase of Rs. 95,019 in the "proportion of interest and sinking fund charges." The increased provision of Rs. 24,154 under "Traffic Establishment" may have to be revised, in view of the recommendation of the recent Commission of Enquiry. The working expenses show an increase of Rs. 1,42,320. This increased provision is considered necessary to meet the charges on account of an anticipated growth of business.

CAPITAL ACCOUNT.

17. The receipts under Capital are estimated at Rs. 34,28,025, made up as follows:—

	Rs.	Rs.
Contribution from Revenue	1,20,110	
Appropriation from Revenue balances for the purchase of Reserve stock	1,20,000	
		2,40,110
Probable Balance of Capital Funds on 1st April 1901	8,72,491	
Probable receipts from Debentures Loan of Rs. 23,50,000 to be raised in 1901-1902 ...	23,01,924	
Receipts from sale of Port Depreciation Fund securities to meet the cost of a Heave-up boat and a Hawser boat	13,500	
		31,87,915
GRAND TOTAL ...	...	34,28,025

The debenture loan of Rs. 23,50,000 has been sanctioned by Government.

18. The Capital Budget provides for an expenditure of Rs. 31,74,415 on works in progress and on works proposed.

The probable expenditure on the latter during 1901-1902, as given in the budget, is shown below:—

	Rs.
Minor Works	2,00,000
Mechanical loading appliances	1,55,000
Total ...	3,55,000

The sanction of Government to the second of these items was communicated in the letter No. 568Marine of the 15th March 1901.

19. The Commission which was recently appointed to enquire into matters connected with the Port Trust, has made various recommendations for reduction of expenditure. These recommendations were not before the Commissioners when this budget was framed. The Commission suggests the abolition of the post of Deputy Traffic Manager. The establishment in the

Docks is considered excessive, and the Commission considers that one of the two Deputy Superintendents and eight out of the fourteen Assistant Superintendents should be abolished. The Sub-Committee appointed by the Commission have suggested a number of reductions which have been accepted by the Commission in paragraph 176 of its report. Certain reductions are also suggested in the Tea Warehouse establishment. The Lieutenant-Governor would ask the Commissioners, to revise their budget, as soon as they can, in the light of the recommendations made by the Commission, and to show the reductions which are feasible during the current year. The Budget does not provide for the appointment of the Chief Engineer recently sanctioned by Government, and due provision should be made for the expenditure under this head in the revised estimates of the Commissioners.

20. Subject to the above remarks, the Lieutenant-Governor, in pursuance of the powers vested in him by section 71 of Act III (B.C.) of 1890, approves of the estimate of income and expenditure of the Commissioners for the year 1901-1902.

By order of the Lieutenant-Governor of Bengal,

R. B. BUCKLEY,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT ON THE CALCUTTA MEDICAL INSTITUTIONS FOR THE YEAR 1900.

MUNICIPAL DEPARTMENT.—MEDICAL.

Darjeeling, the 18th May 1901.

RESOLUTION—No. 285T.—M.

READ—

The Report on the Calcutta Medical Institutions for the year 1900.

Read also—

The Report for the year 1899 and the Resolution recorded thereon.

JUDGED by the statistics contained in the report, the year 1900 appears to have been exceptionally unhealthy. The death-rate per mille in the town of Calcutta rose from 37·8 to 53·88, and in Howrah from 44·56 to 60·50. These figures are based on the population shown in the census of 1891, and a calculation based on the provisional figures arrived at in the census of 1901 reduces the ratio for Calcutta to 43·54 and that for Howrah to 44 69. Even allowing for this, however, there was a considerable increase in the mortality from all the principal diseases. Plague, which prevailed with greater virulence and caused no less than 8,354 deaths against 2,332 in 1899, is, no doubt, the most important factor in increasing the rate of mortality; but the percentage of deaths from other prevalent diseases shows an increase under every heading. Different theories have been put forward by different officers as to the cause of the increase, but the Inspector-General of Civil Hospitals rightly observes that they are of a very conjectural character. It is, however, evident that the unusual rainfall of September last had much to do with the increased death-rate.

2. There is some confusion in the section of the report relating to the health of the Port of Calcutta. The explanation of an apparent increase in the number of inward-bound vessels inspected is not intelligible. The magnitude of the work involved in the plague inspections is shown by the numbers involved. Over a quarter of a million persons, passengers and crew were medically inspected; and the clothing and bedding of 79,255 were disinfected: 55 seamen and 234 passengers were detained as a result of the examination.

3. The large increase of 32,520 in the number of outdoor patients is mainly due to the greater unhealthiness of the year, but about one-third of this is only nominal, being due to the inclusion in this report for the first time of the statistics of the Municipal and Dockyard Dispensaries at Kidderpore, which had hitherto been shown in the Report on Charitable Dispensaries. The total number of indoor patients rose from 24,146 to 28,372. In both classes the increase was pretty generally distributed, and was due to the unhealthiness of the year. The increase of 150 out-patients at the Presidency General Hospital justifies the continued maintenance of that department, on which doubts had been thrown. The Shambu Nath Pundit Hospital is stated to possess only 54 beds; but the average number of beds occupied daily is shown as 57·77. Unless there is some mistake, this is evidence of overcrowding. This new hospital is rapidly rising in popularity. The number of European seamen admitted to the General Hospital is said to have fallen, though the numbers arriving in the port increased by nearly 10 per cent. The Dufferin Victoria Hospital for women increased its tale of out-patients by 749, but the in-patients fell off: their number is still insignificant—a daily average of only 9·56.

4. Excluding the cases treated in the Eye Infirmary, the death-rate for all the institutions rose from 14·60 to 17·57, the highest mortality recorded for 11 years. All the larger hospitals recorded a higher mortality, except the Mayo and the Shambu Nath Pundit. The rate as usual was highest in the

Campbell and Howrah Hospitals. The Inspector-General proposes to make a special enquiry in the case of the latter. There are several typographical errors in the tabular statements at pages 10 to 13 of the Report.

5. The number of admissions for small-pox rose from 42 to 240, but the death-rate fell from 47·61 to 42·91. Of the 239 persons admitted into the Campbell Hospital for small-pox, 177, or 74·05 per cent., were unprotected. The attention of the Lieutenant-Governor has already been drawn to the inefficient state of vaccination in the town, which these figures and the statistics previously furnished have brought to light. He has animadverted strongly on the imperfect enforcement of the vaccination laws, and has directed a thorough enquiry to be made into the matter through the Corporation of Calcutta. The number of admissions for cholera rose from 355 to 728, the rate of mortality being 61·12 against 63·94. The mortality was highest in the Howrah General Hospital. There were fifteen cases of cholera among the patients of the Campbell Hospital, ten of which proved fatal. The Inspector-General of Civil Hospitals attributes the outbreak of the disease in this institution in two successive years to the vicinity of the hospital to the municipal refuse depôt and platform. Steps are being taken to abate the nuisance caused by this; but looking to the fact that the platform has been in existence for a long time without causing an outbreak of disease, the Lieutenant-Governor doubts whether the Inspector-General's conclusion is correct. The percentage of deaths from dysentery was exceptionally high in the General Hospital, being 11·11 against 3·03 in the previous year, and is attributed to a larger number of chronic cases. Malarial fever caused 5,456 admissions against 4,376 in the previous year, and it seems from the rise in the rate of mortality from 9·12 to 11·01 that the cases were of severer type. Four hundred and forty-nine cases of plague were admitted during the year, of which 92 recovered and 357 died, giving a death-rate of 79·51 per cent.

6. There was an increase in the number of operations, the figures for the past two years being 26,023 and 25,109 respectively. Of these cases, 188 ended fatally, giving a percentage of ·72 against ·61 in the previous year. The increase is shared by all the institutions, except the Medical College and the General Hospital, in which latter institution it is accounted for again by the admission of fewer seamen. The Lieutenant-Governor notices with satisfaction the large number of operations performed by Lieutenant-Colonels R. C. Sanders, I.M.S., R. D. Murray, I.M.S., Major R. H. Charles, I.M.S., Captain R. Bird, I.M.S., and Assistant Surgeon Norendra Nath Basu.

7. In the Eden Hospital the number of women and children admitted increased from 1,494 to 1,659. The death-rate for Europeans and Eurasians was 5·30 against 5·45, and for all others 8·96 against 9·55. The mortality among European and Eurasian children was rather high, being 15·87 against 14·10, and the increase is attributed to the admission of a large number of cases in moribund condition. Confinement cases increased from 638 to 673. This institution is steadily, if slowly, growing in popularity, and contrasts favourably in this respect with the Dufferin Victoria Hospital, which seems to make little progress.

8. In the Shama Charan Law Eye Hospital the number of indoor patients rose from 476 to 518, but that of outdoor patients diminished from 13,103 to 12,816. Operations for extraction of lens numbered 290, in 81·37 per cent. of which vision was restored—a most satisfactory record.

9. The work of the nurses at the Medical College and the Presidency General Hospitals, under the supervision of the Clewer Sisters, is favourably reported on by the Inspector-General of Civil Hospitals. The Clewer community has recently sent out an additional Sister for supervising the nursing arrangements of the Calcutta hospitals, and a scheme has been prepared for improving the system of nursing at those institutions.

10. The invested capital of the Calcutta and Howrah Hospitals rose from Rs. 5,91,700 to Rs. 5,96,200, an increase of only Rs. 4,500, which was invested by the Mayo and Howrah Hospitals. Excluding opening balances, the total income amounted to Rs. 9,87,967, or Rs. 9,202 less than in 1899. The cost to Government decreased by Rs. 25,346, while the receipts from paying patients increased from Rs. 55,858 to Rs. 63,346, owing chiefly to

the higher rate charged for private rooms in the General Hospital. The receipts from Local funds also show an increase of Rs. 7,446; while the receipts from Hospital Port Dues Fund fell by Rs. 9,843, owing to the admission of fewer seamen. Subscriptions from Europeans show a slight increase, but those from Natives, the Lieutenant-Governor regrets to observe, fell off by Rs. 2,401. The expenditure fell from Rs. 9,93,230 to Rs. 9,84,631, the decrease being mainly due to smaller expenditure on the new buildings at the Presidency General Hospital.

11. The thanks of the Lieutenant-Governor are due to Colonel Hendley, who held the office of Inspector-General of Civil Hospitals throughout the year, for his frequent inspection of the Calcutta hospitals and his valuable suggestions in regard to them.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Government of Bengal.

Singhbhum.—Rainfall ·09. Average price of rice is 14 seers 6 chitaks in the district; at Chaibassa 13 seers.

General Summary.—Rainfall has been general and moderately heavy in several districts. The districts of Dinajpur, Bogra, Pabna, Chittagong, Bhagalpur, and Malda are still in need of sufficient rain. The recent rain has generally benefited the standing crops and facilitated the work of ploughing, which is being pushed on. The sowing of paddy and jute is still going on, and the weeding of *aus* and jute has commenced in places. Sugarcane doing well. Water sufficient. Fodder is reported to be dear in Bankura. Condition of cattle generally good, but cases of disease reported from a few districts. The price of common rice has risen in 13 districts, fallen in 9, and is stationary in the rest (24).

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; t, thunder; p, passing temporary showers; ⁄, strong wind; ≤, lightning.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Muzaffarpur, will be put up to sale at the Muzaffarpur Collectorate on the 27th June 1901, corresponding with 25th Asadh 1308 F.S.

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him free of revenue demand.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
